NOTICE TO MEMBERS OF THE AUDIENCE

All interested persons may appear and address the City Council on Unfinished Business, New Business, and Public Hearings at City Council meetings. If you wish to address the City Council on an agenda item, please wait for the Mayor or Chair to request public comment. When the Mayor or Chair recognizes you, please start your public comment by giving your name and address. Comments are to be addressed to the Mayor or Chair. The Mayor or Chair will direct your comments to the appropriate elected officials, staff, or others for response. Keep your comments respectful, brief, to the point, and relevant to the agenda item being considered. Each speaker from the public will be allowed one turn to speak for discussion of an agenda item.

Below is a portion of the Rules of Order and Procedure of the Fayetteville City Council pertaining to City Council meetings:

Agenda Additions: A new item which is requested to be added to the agenda at a City Council meeting should only be considered if it requires immediate City Council consideration and if the normal agenda setting process is not practical. The City Council may only place such new item on the City Council meeting's agenda by suspending the rules by two-thirds vote. Such agenda addition shall be heard prior to the Consent Agenda.

Consent Agenda: Consent Agenda items shall be read by the Mayor and voted upon as a group without discussion by the City Council. If a Council Member wishes to comment upon or discuss a Consent Agenda item that item shall be removed and considered immediately after the Consent Agenda has been voted upon.

Unfinished Business and New Business:

Overview Period: Agenda items at a City Council meeting shall be introduced by the Mayor and, if an ordinance, read by the City Attorney. City staff shall then present a report. An agenda applicant (city contractor, rezoning or development applicant, etc.) may present its proposal only during this presentation period, but may be recalled by a Council Member later to answer questions. City staff, Council Members and applicants may use electronic visual aids in the City Council meeting as part of the presentation of the agenda item. City staff's presentation and an Applicant's presentation whether presented by one or more than one presenter shall each be limited to a maximum of ten (10) minutes unless the City Council by unanimous consent or majority vote allows additional time.

Public Comments: Public comment at a City Council meeting shall be allowed for all members of the audience who have signed up prior to the beginning of the agenda item they wish to address being opened for public comment. Speakers shall be limited to a maximum of five (5) minutes to discuss the agenda item being considered by the City Council. Amendments may receive public comments only if approved by the City Council by unanimous consent or majority vote. If public comment is allowed for an amendment, speakers will only be allowed to speak for three (3) minutes. The City Council may allow both a speaker additional time and an unsigned-up person to speak by unanimous consent or majority vote. As part of a person's public comments allowed above, the speaker may use electronic visual aids during their five (5) minutes presentation period concerning the agenda item being considered by the City Council.

Courtesy and Respect: All members of the public, all city staff and elected officials shall accord

the utmost courtesy and respect to each other at all times. All shall refrain from comments that are harassing or amount to a personal attack against any identifiable individual including abusive comments and derogatory remarks about integrity or offer any other comments that are also not limited to the discussion of the specific agenda item being considered by the City Council. Any member of the public who violates these standards shall be ruled out of order by the Mayor, must immediately cease speaking and shall leave the podium.

Interpreters or Telecommunications Device for the Deaf (TDD), for hearing impaired are available for all City Council meetings, a 72-hour advance notice is required. For further information or to request an interpreter, please call 479-575-8330.

A copy of the complete City Council agenda is available on our website at www.fayetteville-ar.gov or in the Office of the City Clerk, 113 W. Mountain, Fayetteville, Arkansas (479) 575-8323.

All cell phones must be silenced and may not be used within the City Council Chambers.

MEETING OF JANUARY 10, 2023

TO: Mayor Jordan and City Council
THRU: Terry Gulley, Asst Public Works Director - Ops
FROM: Ross Jackson, Jr., Fleet Operations Superintendent
DATE: December 29, 2022
SUBJECT: BRUCKNER'S TRUCK & EQUIPMENT:

RECOMMENDATION:

A RESOLUTION TO AUTHORIZE PAYMENT TO BRUCKNER'S TRUCK AND EQUIPMENT FOR THE REPAIR OF ACCIDENT DAMAGE TO FIRE LADDER 3, AND TO WAIVE COMPETITIVE BIDDING AND AUTHORIZE BRUCKNER'S TRUCK AND EQUIPMENT TO PROVIDE FUTURE ACCIDENT AND COLLISION REPAIR FOR HEAVY DUTY VEHICLES AND FIRE APPARATUSES THAT MAY EXCEED \$35,000.00 ON AN AS-NEEDED BASIS UTILIZING INSURANCE REIMBURSEMENTS THROUGH FEBRUARY 4, 2025.

BACKGROUND:

In August, Ladder 3 was working with tools from the compartment. They received a call nearby and forgot to close the compartment door. They pulled out of the bay and felt something hit. They realized they had hit the garage door with the open compartment door.

DISCUSSION:

Fleet recommends approving the repair of Ladder 3 at Bruckner's Truck & Equipment of Lowell, AR in the amount of \$37,845.58. Bruckner's Truck and Equipment is the only local vendor who has the capability to perform accident and collision repair for heavy duty vehicles and Fire apparatuses. Authorizing Fleet to utilize Bruckner's on an on-going basis, as needed, will speed up the process of these large repairs.

BUDGET/STAFF IMPACT:

The Fire Department has enough funds budgeted in their self-insurance account to cover the \$1,000 deductible. The remaining \$36,845.58 has already been received from the Arkansas Municipal League. Once the repairs are complete, the City will write one check in the total amount to Bruckner's Truck & Equipment. This same process will be continued for future repairs.

BRUCKNER'S TRUCK & EQUIPMENT:

A RESOLUTION TO WAIVE THE REQUIREMENTS OF COMPETITIVE BIDDING AND APPROVE THE REPAIR OF FIRE LADDER 3 BY BRUCKNER'S TRUCK & EQUIPMENT FOR THE ESTIMATED AMOUNT OF \$37,845.58, AND TO AUTHORIZE THE USE OF BRUCKNER'S FOR FUTURE REPAIRS OF HEAVY DUTY VEHICLES AND FIRE APPARATUSES THAT MAY EXCEED \$35,000.00 ON AN AS-NEEDED BASIS THROUGH FEBRUARY 4, 2025

WHEREAS, Ladder 3 was damaged while responding to a call in August 2022; and

WHEREAS, the Arkansas Municipal League has estimated the repairs to cost \$37,845.58 and has made payment to the City for that amount less the City's \$1,000 deductible; and

WHEREAS, Bruckner's Truck and Equipment is the only local vendor with the capability to perform accident and collision repair for heavy duty vehicles and fire apparatuses; and

WHEREAS, Ark. Code Ann. §19-11-203 exempts repairs of hidden or unknown damages to machinery already purchased from the requirements of formal competitive bidding; and

WHEREAS, staff recommends authorizing the Fleet Division to utilize Bruckner's services on an on-going basis, as needed, so that heavy duty vehicles and fire apparatuses requiring repairs can be returned to service more quickly.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF FAYETTEVILLE, ARKANSAS:

Section 1: That the City Council of the City of Fayetteville, Arkansas hereby determines an exceptional situation exists in which competitive bidding is deemed not feasible or practical and therefore waives the requirements of formal competitive bidding and authorizes the repair of Fire Apparatus Ladder 3 by Bruckner's Truck & Equipment for the estimated amount of \$37,845.58.

Section 2: That the City Council of the City of Fayetteville, Arkansas further authorizes the use of Bruckner's Truck & Equipment on an as-needed basis through February 4, 2025 for the repair of heavy duty vehicles and fire apparatuses for which the cost may exceed \$35,000.00.

THRU: Terry Gulley, Asst Public Works Director - Ops
FROM: Ross Jackson, Jr., Fleet Operations Superintendent
DATE: December 29, 2022
SUBJECT: **DANA SAFETY SUPPLY, INC. D/B/A FLEET SAFETY:**

RECOMMENDATION:

A RESOLUTION TO AMEND RESOLUTION 122-19 TO DANA SAFETY SUPPLY, INC. D/B/A FLEET SAFETY TO CONTINUE UTILIZING THE GSA CONTRACT THROUGH THE UPDATED EXPIRATION OF JULY 31, 2027, INCLUDING ANY RENEWALS.

BACKGROUND:

Resolution 122-19 was approved on 5/21/2019 for the purchase of emergency lights, brackets, hardware, sirens, speakers and controls that are necessary to upfit the emergency vehicles in the City's Fleet. All of the necessary items are available on the GSA Contract, which has now been updated and extended.

DISCUSSION:

Fleet recommends the authorization to continue purchases from Dana Safety Supply, Inc. dba Fleet Safety through the updated and extended GSA contract through July 31, 2027.

BUDGET/STAFF IMPACT:

Funds for the acquisition of the emergency lights, brackets, hardware, sirens, speakers and controls have been budgeted in Fleet's capital budget.

MEETING OF JANUARY 10, 2023

TO: Mayor Jordan and City Council
THRU: Susan Norton, Chief of Staff
FROM: Timothy Nyander, Utilities Director
Corey Granderson, Utilities Engineer
DATE: December 29, 2022
SUBJECT: **CRAFTON, TULL & ASSOCIATES, INC.:**

RECOMMENDATION:

Staff recommends approval of an Engineering Services Agreement with Crafton, Tull & Associates, Inc. for design of sanitary sewer lift station, gravity, and force main lines associated with the South Cato Springs Holdings, LLC Economic Development Project in an amount not to exceed \$311,488.00 plus \$9,750.00 for reimbursable expenses for a total contract amount of \$321,238.00, and approval of a project contingency in the amount of \$16,062.00.

BACKGROUND:

Funding for a sewer project to extend sewer towards the Kessler Regional Park and future SLS Communities development has been approved pending a final application submittal process to the U.S. Department of Housing and Urban Development (HUD) via their Community Project Funding Grant program (presented at the 12/6/22 City Council meeting). The funding for this project is \$3M and will be 100% independent of the Water/Sewer budgets for the City, however, the Utilities Engineer will manage the sewer improvements similar to any capital improvement project.

DISCUSSION:

The City's office of Economic Vitality presented the HUD application to the full City Council on December 6th. This agreement provides for engineering services including survey, design, easement document preparation, environmental review, and permitting. The project scope is approximately 3,400-LF of gravity sanitary sewer, a 500-GPM sewer lift station, 5,000-LF of sewer force main, and 2,000-LF of gravity sanitary sewer upsizing. A formal Engineering Selection Committee meeting was held on September 8th, 2022, and Crafton Tull was selected as the engineer for this sewer design (RFQ 22-01, Selection #13). Staff recommends approval of the engineering agreement in an amount not to exceed \$311,488.00 plus \$9,750.00 for reimbursable expenses, and approval of a project contingency in the amount of \$16,062.00.

BUDGET/STAFF IMPACT:

Funds are available in the Bond Program Grant Matching fund.

AGREEMENT
For
PROFESSIONAL ENGINEERING SERVICES
Between
CITY OF FAYETTEVILLE, ARKANSAS
And
CRAFTON, TULL & ASSOCIATES, INC.

THIS AGREEMENT is made as of _____, 2023, by and between City of Fayetteville, Arkansas, acting by and through its Mayor (hereinafter called CITY OF FAYETTEVILLE) and Crafton, Tull & Associates, Inc. with offices located in Arkansas (hereinafter called ENGINEER).

CITY OF FAYETTEVILLE from time to time requires professional engineering services in connection with the evaluation, design, and/or construction supervision of the Cato Springs Sewer Extension & Lift Station (The "Project"). Therefore, CITY OF FAYETTEVILLE and ENGINEER in consideration of their mutual covenants agree as follows:

ENGINEER shall serve as CITY OF FAYETTEVILLE's professional engineering consultant in those assignments to which this Agreement applies, and shall give consultation and advice to CITY OF FAYETTEVILLE during the performance of ENGINEER's services. All services shall be performed under the direction of a professional engineer registered in the State of Arkansas and qualified in the particular field.

SECTION 1 - AUTHORIZATION OF SERVICES

- 1.1 Services on any assignment shall be undertaken only upon written Authorization of CITY OF FAYETTEVILLE and agreement of ENGINEER.
- 1.2 Assignments may include services described hereafter as Basic Services or as Additional Services of ENGINEER.
- 1.3 Changes, modifications or amendments in scope, price or fees to this contract shall **not** be allowed without a formal contract amendment approved by the Mayor and the City Council **in advance** of the change in scope, costs, fees, or delivery schedule.

SECTION 2 - BASIC SERVICES OF ENGINEER

- 2.1 Perform professional design services in connection with the Project as hereinafter stated, which shall include normal civil engineering and survey services.
 - 2.1.1 The Scope of Services to be furnished by ENGINEER during the Project is included in Appendices A1 & A2 attached hereto and made part of this Agreement.
 - 2.1.2 ENGINEER shall coordinate their activities and services with the CITY OF FAYETTEVILLE. ENGINEER and CITY OF FAYETTEVILLE agree that ENGINEER has full responsibility for the engineering services.

SECTION 3 - RESPONSIBILITIES OF CITY OF FAYETTEVILLE

- 3.1 CITY OF FAYETTEVILLE shall, within a reasonable time, so as not to delay the services of the ENGINEER:
 - 3.1.1 Provide full information as to CITY OF FAYETTEVILLE's requirements for the Project.
 - 3.1.2 Assist ENGINEER by placing at ENGINEER's disposal all available information pertinent to the assignment including previous reports and any other data relative thereto.
 - 3.1.3 Guarantee access to and make all provisions for ENGINEER to enter upon public and private property as required for ENGINEER to perform his services under this Agreement.
 - 3.1.4 Examine all studies, reports, sketches, cost opinions, Bid Documents, Drawings, proposals, and other documents presented by ENGINEER and render in writing decisions pertaining thereto.
 - 3.1.5 The City Engineer is the CITY OF FAYETTEVILLE's project representative with respect to the services to be performed under this Agreement. The City Engineer shall have complete authority to transmit instructions, receive information, interpret and define CITY OF FAYETTEVILLE's policies and decisions with respect to materials, equipment, elements and systems to be used in the Project, and other matters pertinent to the services covered by this Agreement.
 - 3.1.6 CITY OF FAYETTEVILLE and/or its representative will review all documents and provide written comments to ENGINEER in a timely manner.

SECTION 4 - PERIOD OF SERVICE

- 4.1 This Agreement will become effective upon the first written notice by CITY OF FAYETTEVILLE authorizing services hereunder.
- 4.2 The provisions of this Agreement have been agreed to in anticipation of the orderly progress of the Project through completion of the services stated in the Agreement. ENGINEER will proceed with providing the authorized services immediately upon receipt of written authorization from CITY OF FAYETTEVILLE. Said authorization shall include the scope of the services authorized and the time in which the services are to be completed. The anticipated schedule for this project is included as Exhibit C.

SECTION 5 - PAYMENTS TO ENGINEER

- 5.1 The CITY OF FAYETTEVILLE shall compensate the ENGINEER based on an hourly NTE basis described in Exhibit B.
 - 5.1.1 The maximum not-to-exceed amount authorized for all Architectural and Civil design for as described in Exhibits A1, A2, & A3 of this Agreement is \$311,488, not including reimbursable expenses. Compensation for reimbursable expenses is estimated to be \$9,750. Payment for a specific phase shall not exceed the scheduled amount prior to completion of that phase. Underruns in one phase may be used to offset overruns in another phase as long as the contract amount is not exceeded.

5.2 Statements

- 5.2.1 Monthly statements for each calendar month shall be submitted to CITY OF FAYETTEVILLE or such parties as CITY OF FAYETTEVILLE may designate for professional services consistent with ENGINEER's normal billing schedule. Once established, the billing schedule shall be maintained throughout the duration of the Project. Applications for payment shall be made in accordance with a format to be developed by ENGINEER and approved by CITY OF FAYETTEVILLE. Applications for payment shall be accompanied each month by the updated project schedule as the basis for determining the value earned as the work is accomplished. Final payment for professional services shall be made upon CITY OF FAYETTEVILLE's approval and acceptance with the satisfactory completion of the Design phase for the Project.

5.3 Payments

- 5.3.1 All statements are payable upon receipt and due within thirty (30) days. If a portion of ENGINEER's statement is disputed by CITY OF FAYETTEVILLE, the undisputed portion shall be paid by CITY OF FAYETTEVILLE by the due date. CITY OF FAYETTEVILLE shall advise ENGINEER in writing of the basis for any disputed portion of any statement. CITY OF FAYETTEVILLE will make reasonable effort to pay invoices within 30 days of date the invoice is approved, however, payment within 30 days is not guaranteed.

5.4 Final Payment

- 5.4.1 Upon satisfactory completion of the work performed under this Agreement, as a condition before final payment under this Agreement, or as a termination settlement under this Agreement, ENGINEER shall execute and deliver to CITY OF FAYETTEVILLE a release of all claims against CITY OF FAYETTEVILLE arising under or by virtue of this Agreement, except claims which are specifically exempted by ENGINEER to be set forth therein. Unless otherwise provided in this Agreement or by State law or otherwise expressly agreed to by the parties to this Agreement, final payment under this Agreement or settlement upon termination of this Agreement shall not constitute a waiver of CITY OF FAYETTEVILLE's claims against ENGINEER or his sureties under this Agreement or applicable performance and payment bonds, if any.

SECTION 6 - GENERAL CONSIDERATIONS

6.1 Insurance

- 6.1.1 During the course of performance of these services, ENGINEER will maintain (in United States Dollars) the following minimum insurance coverages:

<u>Type of Coverage</u>	<u>Limits of Liability</u>
Workers' Compensation	Statutory
Employers' Liability	\$500,000 Each Accident
Commercial General Liability	
Bodily Injury and Property Damage	\$1,000,000 Combined Single Limit
Automobile Liability:	
Bodily Injury and Property Damage	\$1,000,000 Combined Single Limit
Professional Liability Insurance	\$1,000,000 Each Claim

ENGINEER will provide to CITY OF FAYETTEVILLE certificates as evidence of the specified insurance within ten days of the date of this Agreement and upon each renewal of coverage.

- 6.1.2 CITY OF FAYETTEVILLE and ENGINEER waive all rights against each other and their officers, directors, agents, or employees for damage covered by property insurance during and after the completion of ENGINEER's services.

6.2 Professional Responsibility

ENGINEER will exercise reasonable skill, care, and diligence in the performance of ENGINEER's services and will carry out its responsibilities in accordance with customarily accepted professional engineering practices. ENGINEER agrees not to seek or accept any compensation or reimbursements from the City of Fayetteville for engineering work it performs to correct any errors, omissions or other deficiencies caused by ENGINEER's failure to meet customarily accepted professional engineering practices. CITY OF FAYETTEVILLE retains all other remedies to recover for its damages caused by any negligence of ENGINEER.

6.3 Cost Opinions and Projections

Cost opinions and projections prepared by ENGINEER relating to construction costs and schedules, operation and maintenance costs, equipment characteristics and performance, and operating results are based on ENGINEER's experience, qualifications, and judgment as a design professional. Since ENGINEER has no control over weather, cost and availability of labor, material and equipment, labor productivity, construction Contractors' procedures and methods, unavoidable delays, construction Contractors' methods of determining prices, economic

conditions, competitive bidding or market conditions, and other factors affecting such cost opinions or projections, ENGINEER does not guarantee that actual rates, costs, performance, schedules, and related items will not vary from cost opinions and projections prepared by ENGINEER.

6.4 Changes

CITY OF FAYETTEVILLE shall have the right to make changes within the general scope of ENGINEER's services, with an appropriate change in compensation and schedule only after Fayetteville City Council approval of such proposed changes and, upon execution of a mutually acceptable amendment or change order signed by the Mayor of the CITY OF FAYETTEVILLE and the duly authorized officer of ENGINEER.

6.5 Termination

6.5.1 This Agreement may be terminated in whole or in part in writing by either party in the event of substantial failure by the other party to fulfill its obligations under this Agreement through no fault of the terminating party, provided that no termination may be effected unless the other party is given:

6.5.1.1 Not less than ten (10) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate,

6.5.1.2 An opportunity for consultation with the terminating party prior to termination.

6.5.2 This Agreement may be terminated in whole or in part in writing by CITY OF FAYETTEVILLE for its convenience, provided that ENGINEER is given:

6.5.2.1 Not less than ten (10) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate,

6.5.2.2 An opportunity for consultation with the terminating party prior to termination.

6.5.3 If termination for default is effected by CITY OF FAYETTEVILLE, an equitable adjustment in the price provided for in this Agreement shall be made, but

6.5.3.1 No amount shall be allowed for anticipated profit on unperformed services or other work,

6.5.3.2 Any payment due to ENGINEER at the time of termination may be adjusted to cover any additional costs to CITY OF FAYETTEVILLE because of ENGINEER's default.

6.5.4 If termination for default is effected by ENGINEER, or if termination for convenience is effected by CITY OF FAYETTEVILLE, the equitable adjustment shall include a reasonable profit for services or other work performed. The equitable adjustment for any termination shall provide for payment to ENGINEER for services rendered and expenses incurred prior to the termination, in addition to termination settlement costs reasonably incurred by ENGINEER relating to commitments which had become firm prior to the termination.

6.5.5 Upon receipt of a termination action under Paragraphs 7.5.1 or 7.5.2 above, ENGINEER shall:

6.5.5.1 Promptly discontinue all affected work (unless the notice directs otherwise),

6.5.5.2 Deliver or otherwise make available to CITY OF FAYETTEVILLE all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by ENGINEER in performing this Agreement, whether completed or in process.

6.5.6 Upon termination under Paragraphs 7.5.1 or 7.5.2 above CITY OF FAYETTEVILLE may take over the work and may award another party an agreement to complete the work under this Agreement.

6.5.7 If, after termination for failure of ENGINEER to fulfill contractual obligations, it is determined that ENGINEER had not failed to fulfill contractual obligations, the termination shall be deemed to have been for the convenience of CITY OF FAYETTEVILLE. In such event, adjustments of the agreement price shall be made as provided in Paragraph 7.5.4 of this clause.

6.6 Delays

In the event the services of ENGINEER are suspended or delayed by CITY OF FAYETTEVILLE or by other events beyond ENGINEER's reasonable control, ENGINEER shall be entitled to additional compensation and time for reasonable costs incurred by ENGINEER in temporarily closing down or delaying the Project.

6.7 Rights and Benefits

ENGINEER's services will be performed solely for the benefit of CITY OF FAYETTEVILLE and not for the benefit of any other persons or entities.

6.8 Dispute Resolution

6.8.1 Scope of Paragraph: The procedures of this Paragraph shall apply to any and all disputes between CITY OF FAYETTEVILLE and ENGINEER which arise from, or in any way are related to, this Agreement, including, but not limited to the interpretation of this Agreement, the enforcement of its terms, any acts, errors, or omissions of CITY OF FAYETTEVILLE or ENGINEER in the performance of this Agreement, and disputes concerning payment.

6.8.2 Exhaustion of Remedies Required: No action may be filed unless the parties first negotiate. If timely Notice is given under Paragraph 7.8.3, but an action is initiated prior to exhaustion of these procedures, such action shall be stayed, upon application by either party to a court of proper jurisdiction, until the procedures in Paragraphs 7.8.3 and 7.8.4 have been complied with.

6.8.3 Notice of Dispute

6.8.3.1 For disputes arising prior to the making of final payment promptly after the occurrence of any incident, action, or failure to act upon which a claim is based, the party seeking relief shall serve the other party with a written Notice;

6.8.3.2 For disputes arising within one year after the making of final payment, CITY OF FAYETTEVILLE shall give ENGINEER written Notice at the address listed in Paragraph 7.14 within thirty (30) days after occurrence of any incident, accident, or first observance of defect or damage. In both instances, the Notice shall specify the nature and amount of relief sought, the reason relief should be granted, and the appropriate portions of this Agreement that authorize the relief requested.

6.8.4 Negotiation: Within seven days of receipt of the Notice, the Project Managers for CITY OF FAYETTEVILLE and ENGINEER shall confer in an effort to resolve the dispute. If the dispute cannot be resolved at that level, then, upon written request of either side, the matter shall be referred to the President of ENGINEER and the Mayor of CITY OF FAYETTEVILLE or his designee. These officers shall meet at the Project Site or such other location as is agreed upon within 30 days of the written request to resolve the dispute.

6.9 CITY OF FAYETTEVILLE represents that it has sufficient funds or the means of obtaining funds to remit payment to ENGINEER for services rendered by ENGINEER.

6.10 Publications

Recognizing the importance of professional development on the part of ENGINEER's employees and the importance of ENGINEER's public relations, ENGINEER may prepare publications, such as technical papers, articles for periodicals, and press releases, pertaining to ENGINEER's services for the Project. Such publications will be provided to CITY OF FAYETTEVILLE in draft form for CITY OF FAYETTEVILLE's advance review. CITY OF FAYETTEVILLE shall review such drafts promptly and provide CITY OF FAYETTEVILLE's comments to ENGINEER. CITY OF FAYETTEVILLE may require deletion of proprietary data or confidential information from such publications, but otherwise CITY OF FAYETTEVILLE will not unreasonably withhold approval. The cost of ENGINEER's activities pertaining to any such publication shall be for ENGINEER's account.

6.11 Indemnification

CITY OF FAYETTEVILLE agrees that it will require all construction Contractors to indemnify, defend, and hold harmless CITY OF FAYETTEVILLE and ENGINEER from and against any and all loss where loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the Contractors, or their employees, agents, Subcontractors, and Suppliers.

6.12 Ownership of Documents

6.12.1 All documents provided by CITY OF FAYETTEVILLE including original drawings, disks of CADD drawings and cross sections, estimates, specification field notes, and data are and remain the property of CITY OF FAYETTEVILLE. ENGINEER may retain reproduced copies of drawings and copies of other documents.

6.12.2 Engineering documents, computer models, drawings, specifications and other hard copy or electronic media prepared by ENGINEER as part of the Services shall become the property of CITY OF FAYETTEVILLE when ENGINEER has been compensated for all Services rendered, provided, however, that ENGINEER shall have the unrestricted right to their use. ENGINEER shall, however, retain its rights in its standard drawings details, specifications, databases, computer software, and other proprietary property. Rights to intellectual property

developed, utilized, or modified in the performance of the Services shall remain the property of ENGINEER

- 6.12.3 Any files delivered in electronic medium may not work on systems and software different than those with which they were originally produced. ENGINEER makes no warranty as to the compatibility of these files with any other system or software. Because of the potential degradation of electronic medium over time, in the event of a conflict between the sealed original drawings/hard copies and the electronic files, the sealed drawings/hard copies will govern.

6.13 Notices

Any Notice required under this Agreement will be in writing, addressed to the appropriate party at the following addresses:

CITY OF FAYETTEVILLE's address:
113 West Mountain Street
Fayetteville, Arkansas 72701

ENGINEER's address:
300 North College, Suite 317
Fayetteville, Arkansas 72701

6.14 Successor and Assigns

CITY OF FAYETTEVILLE and ENGINEER each binds himself and his successors, executors, administrators, and assigns to the other party of this Agreement and to the successors, executors, administrators, and assigns of such other party, in respect to all covenants of this Agreement; except as above, neither CITY OF FAYETTEVILLE nor ENGINEER shall assign, sublet, or transfer his interest in the Agreement without the written consent of the other.

6.15 Controlling Law

This Agreement shall be subject to, interpreted and enforced according to the laws of the State of Arkansas without regard to any conflicts of law provisions.

6.16 Entire Agreement

This Agreement represents the entire Agreement between ENGINEER and CITY OF FAYETTEVILLE relative to the Scope of Services herein. Since terms contained in purchase orders do not generally apply to professional services, in the event CITY OF FAYETTEVILLE issues to ENGINEER a purchase order, no preprinted terms thereon shall become a part of this Agreement. Said purchase order document, whether or not signed by ENGINEER, shall be considered as a document for CITY OF FAYETTEVILLE's internal management of its operations.

SECTION 7 - SPECIAL CONDITIONS

7.1 Additional Responsibilities of ENGINEER:

- 7.1.1** CITY OF FAYETTEVILLE's review, approval, or acceptance of design drawings, specifications, reports and other services furnished hereunder shall not in any way relieve ENGINEER of responsibility for the technical adequacy of the work. Neither CITY OF FAYETTEVILLE's review, approval or acceptance of, nor payment for any of the services shall be construed as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.
- 7.1.2** ENGINEER shall be and shall remain liable, in accordance with applicable law, for all damages to CITY OF FAYETTEVILLE caused by ENGINEER's negligent performance of any of the services furnished under this Agreement except for errors, omissions or other deficiencies to the extent attributable to CITY OF FAYETTEVILLE or CITY OF FAYETTEVILLE-furnished data.
- 7.1.3** ENGINEER's obligations under this clause are in addition to ENGINEER's other express or implied assurances under this Agreement or State law and in no way diminish any other rights that CITY OF FAYETTEVILLE may have against ENGINEER for faulty materials, equipment, or work.

7.2 Remedies

Except as may be otherwise provided in this Agreement, all claims, counter-claims, disputes and other matters in question between CITY OF FAYETTEVILLE and ENGINEER arising out of or relating to this Agreement or the breach thereof will be decided in a court of competent jurisdiction within Arkansas.

7.3 Audit: Access to Records

- 7.3.1** ENGINEER shall maintain books, records, documents and other evidence directly pertinent to performance on work under this Agreement in accordance with generally accepted accounting principles and practices consistently applied in effect on the date of execution of this Agreement. ENGINEER shall also maintain the financial information and data used by ENGINEER in the preparation of support of the cost submission required for any negotiated agreement or change order and send to CITY OF FAYETTEVILLE a copy of the cost summary submitted. The United States Environmental Protection Agency, the Comptroller General of the United States, the United States Department of Labor, CITY OF FAYETTEVILLE, the State or any of their authorized representatives shall have access to all such books, records, documents and other evidence for the purpose of inspection, audit and copying during normal business hours. ENGINEER will provide proper facilities for such access and inspection.
- 7.3.2** Records under Paragraph 8.3.1 above, shall be maintained and made available during performance on assisted work under this Agreement and until three years from the date of final payment for the project. In addition, those records which relate to any controversy arising out of such performance, or to costs or items to which an audit exception has been taken, shall be maintained and made available until three years after the date of resolution of such appeal, litigation, claim or exception.

- 7.3.3 This right of access clause (with respect to financial records) applies to:
 - 7.3.3.1 Negotiated prime agreements:
 - 7.3.3.2 Negotiated change orders or agreement amendments in excess of \$10,000 affecting the price of any formally advertised, competitively awarded, fixed price agreement:
 - 7.3.3.3 Agreements or purchase orders under any agreement other than a formally advertised, competitively awarded, fixed price agreement. However, this right of access does not apply to a prime agreement, lower tier subagreement or purchase order awarded after effective price competition, except:
 - 7.3.3.3.1 With respect to record pertaining directly to subagreement performance, excluding any financial records of ENGINEER;
 - 7.3.3.3.2 If there is any indication that fraud, gross abuse or corrupt practices may be involved;
 - 7.3.3.3.3 If the subagreement is terminated for default or for convenience.

7.4 Covenant Against Contingent Fees

ENGINEER warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon an agreement of understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by ENGINEER for the purpose of securing business. For breach or violation of this warranty, CITY OF FAYETTEVILLE shall have the right to annul this Agreement without liability or at its discretion, to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

7.5 Gratuities

- 7.5.1 If CITY OF FAYETTEVILLE finds after a notice and hearing that ENGINEER or any of ENGINEER's agents or representatives, offered or gave gratuities (in the form of entertainment, gifts or otherwise) to any official, employee or agent of CITY OF FAYETTEVILLE, the State or EPA in an attempt to secure an agreement or favorable treatment in awarding, amending or making any determinations related to the performance of this Agreement, CITY OF FAYETTEVILLE may, by written notice to ENGINEER terminate this Agreement. CITY OF FAYETTEVILLE may also pursue other rights and remedies that the law or this Agreement provides. However, the existence of the facts on which CITY OF FAYETTEVILLE bases such finding shall be in issue and may be reviewed in proceedings under the Remedies clause of this Agreement.
- 7.5.2 In the event this Agreement is terminated as provided in Paragraph 8.5.1, CITY OF FAYETTEVILLE may pursue the same remedies against ENGINEER as it could pursue in the event of a breach of the Agreement by ENGINEER. As a penalty, in addition to any other damages to which it may be entitled by law, CITY OF FAYETTEVILLE may pursue exemplary damages in an amount (as determined by CITY OF FAYETTEVILLE) which shall be not less than three nor more than ten times the costs ENGINEER incurs in providing any such gratuities to any such officer or employee.

7.6 Arkansas Freedom of Information Act

City contracts and documents, including internal documents and documents of subcontractors and sub-consultants, prepared while performing City contractual work are subject to the Arkansas Freedom of Information Act (FOIA). If a Freedom of Information Act request is presented to the CITY OF FAYETTEVILLE, ENGINEER will do everything possible to provide the documents in a prompt and timely manner as prescribed in the Arkansas Freedom of Information Act (A.C.A. §25-19-101 et seq.). Only legally authorized photocopying costs pursuant to the FOIA may be assessed for this compliance.

IN WITNESS WHEREOF, CITY OF FAYETTEVILLE, ARKANSAS by and through its Mayor, and ENGINEER, by its authorized officer have made and executed this Agreement as of the day and year first above written.

END OF AGREEMENT FOR PROFESSIONAL ENGINEERING SERVICES

Exhibit “A₁” Scope of Basic Services for:

Project:	Cato Springs Road Sanitary Sewer Improvements - Topographic/Design Survey	
Client:	City of Fayetteville	
Location of Project:	Cato Springs Road to Town Branch Trail	
Discipline:	Surveying	
Discipline Manager:	James Montgomery	
Project Manager:	Luke Jost	
Proposal Date:	10/21/2022	
Billing Type:	Hourly with a Maximum/Reimbursable Expenses	
Fee:	Topographic/Design Survey	\$62,740.00
	<u>Reimbursable Expenses</u>	<u>\$5,750.00</u>
	TOTAL	\$68,490.00
Description of the Construction Project:	Provide a route survey (2± mi and 27± parcels) to support the engineering design for the sanitary sewer improvements project that includes control, design, and property boundary surveys, along with necessary legal descriptions and exhibits for easement acquisition. See Exhibit E for the anticipated route.	

Services provided by the Surveyor:

Topographic/Design Survey:

- Coordinate with local utility 1-Call System to mark all underground utilities within the survey areas.
- Establish a minimum of four semi-permanent survey control monuments, referenced to state plane coordinates.
- Provide a strip topographic survey with 1-foot contours and planimetric features mapped (e.g., driveways, roads, fences, light poles, structures, and other improvements along the route).
- Utilities mapped will include applicable inverts measured (e.g., storm sewer and sanitary sewer). In addition, the survey will include a detail inventory of the existing sanitary sewer manholes within the existing easement that includes pictures, rim/invert elevations, pipe sizes/type, condition and other information deemed necessary to assess the manhole(s) condition.
- Prepare an AutoCAD base drawing for the engineering design. This base drawing will include the existing sanitary sewer easement (if applicable), the existing property boundary lines, and other easements in/around the survey limits discovered by examination of a title search.
- Prepare legal descriptions with exhibits for easement documents as requested, where none exists.

Scope of Basic Services does NOT Include the Following:

- Preparation of a boundary survey plat, tract or lot split plats, tract or lot combination plats, or similar type plats required by the governing agency for approval of this project, if any.
- Surveys and plats of the property for financing, sales, or other purposes such as an ALTA or as-built survey.
- Surveys of offsite utility, street, or drainage improvements not within the survey area.
- Surveys for environmental studies, including wetland delineation.
- Surveys for flood data or studies for Corps of Engineer, FEMA or other special government agency permitting.
- Surveys for location of geotechnical soil borings or pits.
- Surveying related to construction services or construction staking.

Client Shall Provide:

- Assist with access for our survey crew personnel to enter the property to conduct the surveys.

Should there be additions to this scope of services, those services shall be additional fees.

Exhibit “A₂” Civil Scope of Basic Services for:

Project:	Cato Springs Road Sewer Improvements	
Client:	City of Fayetteville	
Location of Project:	Cato Springs Road	
Discipline:	Civil Engineering	
Discipline Manager:	Luke Jost, P.E.	
Project Manager:	Luke Jost, P.E.	
Proposal Date:	December 2022	
Billing Type:	Hourly with a Maximum/Reimbursable Expenses	
Fee/Estimate:	Civil Design	\$187,900
	Subconsultants	\$15,448
	Reimbursable Expenses	\$3,000
	TOTAL:	\$206,348
Description of the Construction Project:	Design of a lift station, force main, and gravity sewer to extend from South Custer Lane to connect to the existing sewer treatment facility at Mount Kessler Regional Park. Existing sewer downstream of Custer Lane to the existing Town Branch sewer interceptor are to be upsized. Anticipated alignment is roughly shown in Exhibit E.	

Project scope per City of Fayetteville Selection Notice:

The potential scope includes survey, engineering design, permitting, coordination with state and federal agencies, and bidding services for approximately 3,400-LF of gravity sanitary sewer, a 500-GPM sewer lift station, 5,000-LF of sewer force main, and 2,000-LF of gravity sanitary sewer upsizing.

The services to be provided by the Engineer:

Preliminary Design Report:

- Verify contributing sewer basin
- Verify sewer flows
- Compare force main alignment options

30% Plans:

- Prepare preliminary plan & profiles
- Lift station site layout & conceptual design
- Preliminary cost estimate

60% Plans:

- Prepare revised plan & profiles
- Lift station site layout & conceptual design
- Revised cost estimate
- Standard details
- Lift station details
- Erosion Control Plans

90% Plans:

- Prepare revised plan & profiles
- Lift station site layout & conceptual design
- Revised cost estimate
- Sanitary Sewer revisions
- Landscape design for lift station screening
- Lift station details
- Draft Specifications
- Permitting with ADEQ and ADH

Bidding & Negotiating Phase:

- Finalize Bid documents and issue to bidders through City of Fayetteville
- Answer bidder's questions and issue addenda
- Assist City with bidding process
- Review bids and provide bid recommendation

END SCOPE OF SERVICES THIS CONTRACT This is the scope of services for the Project. Should there be additions to this scope of services, those services shall be compensated for additional fee.

Items Provided by City:

- Site access
- Construction materials testing
- Acquisition of Right of Way and Easements

Additional Items that can be provided by CTA under amendment or separate contract:

- Construction Observation/Inspection
- Right-of-Way or Easement Acquisition Services
- Hydraulic Study of Streams
- FEMA Studies & Map Revision Applications (CLOMR/LOMR)
- Tree Survey/Tree Preservation
- Retaining Wall Design
- Site Lighting Design

EXHIBIT E

MEETING OF JANUARY 10, 2023

TO: Mayor Jordan and City Council
THRU:
FROM: Mike Reynolds, Police Chief
DATE: December 20, 2022
SUBJECT: **2022 JUSTICE ASSISTANCE GRANT:**

RECOMMENDATION:

BACKGROUND:

The U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance has announced the 2022 JAG for local agencies. This allocation of formula grant funds is based on population and violent crime rates. 2022 JAG funding has been allocated to Fayetteville, Springdale, and Washington County to share. This grant does not require local matching funds.

DISCUSSION:

The Fayetteville Police Department will be the fiduciary agency for this grant award in the amount of \$84,326. Fayetteville will receive \$38,769 for the purchase of law enforcement equipment and supplies. Also, within this grant application, Springdale will receive \$30,753 for the purchase of law enforcement equipment and supplies, and Washington County will receive \$14,804 for the purchase of law enforcement supplies. Please see the attached program narrative and budget narrative for detailed descriptions.

BUDGET/STAFF IMPACT:

This grant award does not require local matching funds and has no impact on staffing levels. Approval of this budget adjustment will establish revenue and expense budgets equal to the grant award in the amount of \$84,326.

Staff recommends acceptance of the non-matching 2022 Justice Assistance Grant (JAG) Local Solicitation award and approval of a budget adjustment in the amount of \$84,326 for the purchase of law enforcement equipment and supplies as fiduciary on behalf of the cities of Fayetteville and Springdale, and Washington County.

✓ Award Letter

December 14, 2022

Dear Lioneld Jordan,

On behalf of Attorney General Merrick B. Garland, it is my pleasure to inform you the Office of Justice Programs (OJP) has approved the application submitted by FAYETTEVILLE, CITY OF for an award under the funding opportunity entitled 2022 BJA FY 22 Edward Byrne Memorial Justice Assistance Grant Program - Local Solicitation. The approved award amount is \$84,326.

Review the Award Instrument below carefully and familiarize yourself with all conditions and requirements before accepting your award. The Award Instrument includes the Award Offer (Award Information, Project Information, Financial Information, and Award Conditions) and Award Acceptance. For COPS Office and OVW funding the Award Offer also includes any Other Award Documents.

Please note that award requirements include not only the conditions and limitations set forth in the Award Offer, but also compliance with assurances and certifications that relate to conduct during the period of performance for the award. These requirements encompass financial, administrative, and programmatic matters, as well as other important matters (e.g., specific restrictions on use of funds). Therefore, all key staff should receive the award conditions, the assurances and certifications, and the application as approved by OJP, so that they understand the award requirements. Information on all pertinent award requirements also must be provided to any subrecipient of the award.

Should you accept the award and then fail to comply with an award requirement, DOJ will pursue appropriate remedies for non-compliance, which may include termination of the award and/or a requirement to repay award funds.

Prior to accepting the award, your Entity Administrator must assign a Financial Manager, Grant Award Administrator, and Authorized Representative(s) in the Justice Grants System (JustGrants). The Entity Administrator will need to ensure the assigned Authorized Representative(s) is current and has the legal authority to accept awards and bind the entity to the award terms and conditions. To accept the award, the Authorized Representative(s) must accept all parts of the Award Offer in the Justice Grants System (JustGrants), including by executing the required declaration and certification, within 45 days from the award date.

To access your funds, you will need to enroll in the Automated Standard Application for Payments (ASAP) system, if you haven't already completed the enrollment process in ASAP. The Entity Administrator should have already received an email from ASAP to initiate this process.

Congratulations, and we look forward to working with you.

Maureen Henneberg
Deputy Assistant Attorney General

Office for Civil Rights Notice for All Recipients

The Office for Civil Rights (OCR), Office of Justice Programs (OJP), U.S. Department of Justice (DOJ) has been delegated the responsibility for ensuring that recipients of federal financial assistance from the OJP, the Office of Community Oriented Policing Services (COPS), and the Office on Violence Against Women (OVW) are not engaged in discrimination prohibited by law. Several federal civil rights laws, such as Title VI of the Civil Rights Act of 1964 and Section 504 of the

Rehabilitation Act of 1973, require recipients of federal financial assistance to give assurances that they will comply with those laws. Taken together, these civil rights laws prohibit recipients of federal financial assistance from DOJ from discriminating in services and employment because of race, color, national origin, religion, disability, sex, and, for grants authorized under the Violence Against Women Act, sexual orientation and gender identity. Recipients are also prohibited from discriminating in services because of age. For a complete review of these civil rights laws and nondiscrimination requirements, in connection with DOJ awards, see <https://ojp.gov/funding/Explore/LegalOverview/CivilRightsRequirements.htm>.

Under the delegation of authority, the OCR investigates allegations of discrimination against recipients from individuals, entities, or groups. In addition, the OCR conducts limited compliance reviews and audits based on regulatory criteria. These reviews and audits permit the OCR to evaluate whether recipients of financial assistance from the Department are providing services in a nondiscriminatory manner to their service population or have employment practices that meet equal-opportunity standards.

If you are a recipient of grant awards under the Omnibus Crime Control and Safe Streets Act or the Juvenile Justice and Delinquency Prevention Act and your agency is part of a criminal justice system, there are two additional obligations that may apply in connection with the awards: (1) complying with the regulation relating to Equal Employment Opportunity Programs (EEOPs); and (2) submitting findings of discrimination to OCR. For additional information regarding the EEOP requirement, see 28 CFR Part 42, subpart E, and for additional information regarding requirements when there is an adverse finding, see 28 C.F.R. §§ 42.204(c), .205(c)(5).

The OCR is available to help you and your organization meet the civil rights requirements that are associated with DOJ grant funding. If you would like the OCR to assist you in fulfilling your organization's civil rights or nondiscrimination responsibilities as a recipient of federal financial assistance, please do not hesitate to contact the OCR at askOCR@ojp.usdoj.gov.

Memorandum Regarding NEPA

OJP - Ongoing NEPA Compliance Incorporated into Further Developmental Stages

NEPA Letter

The Edward Byrne Memorial Justice Assistance Grant Program (JAG) allows states and local governments to support a broad range of activities to prevent and control crime and to improve the criminal justice system, some of which could have environmental impacts. All recipients of JAG funding must assist BJA in complying with NEPA and other related federal environmental impact analyses requirements in the use of grant funds, whether the funds are used directly by the grantee or by a subgrantee or third party. Accordingly, prior to obligating funds for any of the specified activities, the grantee must first determine if any of the specified activities will be funded by the grant.

The specified activities requiring environmental analysis are:

- a. New construction;
- b. Any renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
- c. A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;
- d. Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments; and

e. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

Complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. Further, for programs relating to methamphetamine laboratory operations, the preparation of a detailed Mitigation Plan will be required. For more information about Mitigation Plan requirements, please see <https://www.bja.gov/Funding/nepa.html>.

✓ Award Conditions

This award is offered subject to the conditions or limitations set forth in the Award Information, Project Information, Financial Information, and Award Conditions.

Compliance with general appropriations-law restrictions on the use of federal funds (FY 2022)

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions, including from various "general provisions" in the Consolidated Appropriations Act, 2022, are set out at <https://www.ojp.gov/funding/Explore/FY22AppropriationsRestrictions.htm>, and are incorporated by reference here.

Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by DOJ in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this FY 2022 award from OJP.

The Part 200 Uniform Requirements were first adopted by DOJ on December 26, 2014. If this FY 2022 award supplements funds previously awarded by OJP under the same award number (e.g., funds awarded during or before December 2014), the Part 200 Uniform Requirements apply with respect to all funds under that award number (regardless of the award date, and regardless of whether derived from the initial award or a supplemental award) that are obligated on or after the acceptance date of this FY 2022 award.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the OJP website at <https://ojp.gov/funding/Part200UniformRequirements.htm>.

Record retention and access: Records pertinent to the award that the recipient (and any subrecipient ("subgrantee") at any tier) must retain -- typically for a period of 3 years from the date of submission of the final expenditure report (SF 425), unless a different retention period applies -- and to which the recipient (and any subrecipient ("subgrantee") at any tier) must provide access, include performance measurement information, in addition to the financial records, supporting documents, statistical records, and other pertinent records indicated at 2 C.F.R. 200.334.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the recipient is to contact OJP promptly for clarification.

3

Requirement to report actual or imminent breach of personally identifiable information (PII)

The recipient (and any "subrecipient" at any tier) must have written procedures in place to respond in the event of an actual or imminent "breach" (OMB M-17-12) if it (or a subrecipient) -- (1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of "Personally Identifiable Information (PII)" (2 CFR 200.1) within the scope of an OJP grant-funded program or activity, or (2) uses or operates a "Federal information system" (OMB Circular A-130). The recipient's breach procedures must include a requirement to report actual or imminent breach of PII to an OJP Program Manager no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach.

4

OJP Training Guiding Principles

Any training or training materials that the recipient -- or any subrecipient ("subgrantee") at any tier -- develops or delivers with OJP award funds must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at <https://www.ojp.gov/funding/implement/training-guiding-principles-grantees-and-subgrantees>.

5

Required training for Grant Award Administrator and Financial Manager

The Grant Award Administrator and all Financial Managers for this award must have successfully completed an "OJP financial management and grant administration training" by 120 days after the date of the recipient's acceptance of the award. Successful completion of such a training on or after October 15, 2020, will satisfy this condition.

In the event that either the Grant Award Administrator or a Financial Manager for this award changes during the period of performance, the new Grant Award Administrator or Financial Manager must have successfully completed an "OJP financial management and grant administration training" by 120 calendar days after the date the Entity Administrator enters updated Grant Award Administrator or Financial Manager information in JustGrants. Successful completion of such a training on or after January 1, 2020, will satisfy this condition.

A list of OJP trainings that OJP will consider "OJP financial management and grant administration training" for purposes of this condition is available at <https://www.ojp.gov/training/fmts.htm>. All trainings that satisfy this condition include a session on grant fraud prevention and detection.

The recipient should anticipate that OJP will immediately withhold ("freeze") award funds if the recipient fails to comply with this condition. The recipient's failure to comply also may lead OJP to impose additional appropriate conditions on this award.

6

Effect of failure to address audit issues

The recipient understands and agrees that the DOJ awarding agency (OJP or OVW, as appropriate) may withhold award funds, or may impose other related requirements, if (as determined by the DOJ awarding agency) the recipient does not satisfactorily and promptly address outstanding issues from audits required by the Part 200 Uniform Requirements (or by the terms of this award), or other outstanding issues that arise in connection with audits, investigations, or reviews of DOJ awards.

Requirements of the award; remedies for non-compliance or for materially false statements

The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Any such exceptions regarding enforcement, including any such exceptions made during the period of performance, are (or will be during the period of performance) set out through the Office of Justice Programs ("OJP") webpage entitled "Legal Notices: Special circumstances as to particular award conditions" (ojp.gov/funding/Explore/LegalNotices-AwardReqs.htm), and incorporated by reference into the award.

By signing and accepting this award on behalf of the recipient, the authorized recipient official accepts all material requirements of the award, and specifically adopts, as if personally executed by the authorized recipient official, all assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance.

Failure to comply with one or more award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or an assurance or certification related to conduct during the award period -- may result in OJP taking appropriate action with respect to the recipient and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 38

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38 (as may be applicable from time to time), specifically including any applicable requirements regarding written notice to program beneficiaries and prospective program beneficiaries.

Currently, among other things, 28 C.F.R. Part 38 includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38, currently, also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations.

The text of 28 C.F.R. Part 38 is available via the Electronic Code of Federal Regulations (currently accessible at <https://www.ecfr.gov/cgi-bin/ECFR?page=browse>), by browsing to Title 28-Judicial Administration, Chapter 1, Part 38, under e-CFR "current" data.

Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 42

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements

of 28 C.F.R. Part 42, specifically including any applicable requirements in Subpart E of 28 C.F.R. Part 42 that relate to an equal employment opportunity program.

10

Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 54

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 54, which relates to nondiscrimination on the basis of sex in certain "education programs."

11

Compliance with 41 U.S.C. 4712 (including prohibitions on reprisal; notice to employees)

The recipient (and any subrecipient at any tier) must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

The recipient also must inform its employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

Should a question arise as to the applicability of the provisions of 41 U.S.C. 4712 to this award, the recipient is to contact the DOJ awarding agency (OJP or OVW, as appropriate) for guidance.

12

Compliance with applicable rules regarding approval, planning, and reporting of conferences, meetings, trainings, and other events

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "DOJ Grants Financial Guide").

13

Requirement for data on performance and effectiveness under the award

The recipient must collect and maintain data that measure the performance and effectiveness of work under this award. The data must be provided to OJP in the manner (including within the timeframes) specified by OJP in the program solicitation or other applicable written guidance. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, and other applicable laws.

14

Requirements related to "de minimis" indirect cost rate

A recipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f), and that elects to use the "de minimis" indirect

cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. The "de minimis" rate may be applied only to modified total direct costs (MTDC) as defined by the Part 200 Uniform Requirements.

15

Determination of suitability to interact with participating minors

SCOPE. This condition applies to this award if it is indicated -- in the application for the award (as approved by DOJ)(or in the application for any subaward, at any tier), the DOJ funding announcement (solicitation), or an associated federal statute -- that a purpose of some or all of the activities to be carried out under the award (whether by the recipient, or a subrecipient at any tier) is to benefit a set of individuals under 18 years of age.

The recipient, and any subrecipient at any tier, must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status.

The details of this requirement are posted on the OJP web site at <https://ojp.gov/funding/Explore/Interact-Minors.htm> (Award condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors), and are incorporated by reference here.

16

Requirement to disclose whether recipient is designated "high risk" by a federal grant-making agency outside of DOJ

If the recipient is designated "high risk" by a federal grant-making agency outside of DOJ, currently or at any time during the course of the period of performance under this award, the recipient must disclose that fact and certain related information to OJP by email at OJP.ComplianceReporting@ojp.usdoj.gov. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the recipient's past performance, or other programmatic or financial concerns with the recipient. The recipient's disclosure must include the following: 1. The federal awarding agency that currently designates the recipient high risk, 2. The date the recipient was designated high risk, 3. The high-risk point of contact at that federal awarding agency (name, phone number, and email address), and 4. The reasons for the high-risk status, as set out by the federal awarding agency.

17

Compliance with DOJ Grants Financial Guide

References to the DOJ Grants Financial Guide are to the DOJ Grants Financial Guide as posted on the OJP website (currently, the "DOJ Grants Financial Guide" available at <https://ojp.gov/financialguide/DOJ/index.htm>), including any updated version that may be posted during the period of performance. The recipient agrees to comply with the DOJ Grants Financial Guide.

18

Encouragement of policies to ban text messaging while driving

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 Fed. Reg. 51225 (October 1, 2009), DOJ encourages recipients and subrecipients ("subgrantees") to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.

19

Potential imposition of additional requirements

The recipient agrees to comply with any additional requirements that may be imposed by the DOJ awarding agency (OJP or OVW, as appropriate) during the period of performance for this award, if the recipient is designated as "high-risk" for purposes of the DOJ high-risk grantee list.

20

Employment eligibility verification for hiring under the award

1. The recipient (and any subrecipient at any tier) must--

A. Ensure that, as part of the hiring process for any position within the United States that is or will be funded (in whole or in part) with award funds, the recipient (or any subrecipient) properly verifies the employment eligibility of the individual who is being hired, consistent with the provisions of 8 U.S.C. 1324a(a)(1).

B. Notify all persons associated with the recipient (or any subrecipient) who are or will be involved in activities under this award of both--

(1) this award requirement for verification of employment eligibility, and

(2) the associated provisions in 8 U.S.C. 1324a(a)(1) that, generally speaking, make it unlawful, in the United States, to hire (or recruit for employment) certain aliens.

C. Provide training (to the extent necessary) to those persons required by this condition to be notified of the award requirement for employment eligibility verification and of the associated provisions of 8 U.S.C. 1324a(a)(1).

D. As part of the recordkeeping for the award (including pursuant to the Part 200 Uniform Requirements), maintain records of all employment eligibility verifications pertinent to compliance with this award condition in accordance with Form I-9 record retention requirements, as well as records of all pertinent notifications and trainings.

2. Monitoring

The recipient's monitoring responsibilities include monitoring of subrecipient compliance with this condition.

3. Allowable costs

To the extent that such costs are not reimbursed under any other federal program, award funds may be obligated for the reasonable, necessary, and allocable costs (if any) of actions designed to ensure compliance with this condition.

4. Rules of construction

A. Staff involved in the hiring process

For purposes of this condition, persons "who are or will be involved in activities under this award" specifically includes (without limitation) any and all recipient (or any subrecipient) officials or other staff who are or will be involved in the hiring process with respect to a position that is or will be funded (in whole or in part) with award funds.

B. Employment eligibility confirmation with E-Verify

For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the recipient (or any subrecipient) may choose to participate in, and use, E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the recipient (or subrecipient) uses E-Verify (and follows the proper E-Verify procedures, including in the event of a "Tentative Nonconfirmation" or a "Final Nonconfirmation") to confirm employment eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

C. "United States" specifically includes the District of Columbia, Puerto Rico, Guam, the Virgin Islands of the

United States, and the Commonwealth of the Northern Mariana Islands.

D. Nothing in this condition shall be understood to authorize or require any recipient, any subrecipient at any tier, or any person or other entity, to violate any federal law, including any applicable civil rights or nondiscrimination law.

E. Nothing in this condition, including in paragraph 4.B., shall be understood to relieve any recipient, any subrecipient at any tier, or any person or other entity, of any obligation otherwise imposed by law, including 8 U.S.C. 1324a(a)(1).

Questions about E-Verify should be directed to DHS. For more information about E-Verify visit the E-Verify website (<https://www.e-verify.gov/>) or email E-Verify at E-Verify@dhs.gov. E-Verify employer agents can email E-Verify at E-VerifyEmployerAgent@dhs.gov.

Questions about the meaning or scope of this condition should be directed to OJP, before award acceptance.

21

Restrictions and certifications regarding non-disclosure agreements and related matters

No recipient or subrecipient ("subgrantee") under this award, or entity that receives a procurement contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts, or purports to prohibit or restrict, the reporting (in accordance with law) of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.

The foregoing is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

1. In accepting this award, the recipient--

a. represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

b. certifies that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

2. If the recipient does or is authorized under this award to make subawards ("subgrants"), procurement contracts, or both--

a. it represents that--

(1) it has determined that no other entity that the recipient's application proposes may or will receive award funds (whether through a subaward ("subgrant"), procurement contract, or subcontract under a procurement contract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise currently restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above; and

(2) it has made appropriate inquiry, or otherwise has an adequate factual basis, to support this representation; and

b. it certifies that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute

agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict), reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the federal agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

22

Reclassification of various statutory provisions to a new Title 34 of the United States Code

On September 1, 2017, various statutory provisions previously codified elsewhere in the U.S. Code were editorially reclassified (that is, moved and renumbered) to a new Title 34, entitled "Crime Control and Law Enforcement." The reclassification encompassed a number of statutory provisions pertinent to OJP awards (that is, OJP grants and cooperative agreements), including many provisions previously codified in Title 42 of the U.S. Code.

Effective as of September 1, 2017, any reference in this award document to a statutory provision that has been reclassified to the new Title 34 of the U.S. Code is to be read as a reference to that statutory provision as reclassified to Title 34. This rule of construction specifically includes references set out in award conditions, references set out in material incorporated by reference through award conditions, and references set out in other award requirements.

23

All subawards ("subgrants") must have specific federal authorization

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any subaward are posted on the OJP web site at <https://ojp.gov/funding/Explore/SubawardAuthorization.htm> (Award condition: All subawards ("subgrants") must have specific federal authorization), and are incorporated by reference here.

24

Requirements related to System for Award Management and Universal Identifier Requirements

The recipient must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at <https://www.sam.gov/>. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

The recipient also must comply with applicable restrictions on subawards ("subgrants") to first-tier subrecipients (first-tier "subgrantees"), including restrictions on subawards to entities that do not acquire and provide (to the recipient) the unique entity identifier required for SAM registration.

The details of the recipient's obligations related to SAM and to unique entity identifiers are posted on the OJP web site at <https://ojp.gov/funding/Explore/SAM.htm> (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This condition does not apply to an award to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

25

Restrictions on "lobbying"

In general, as a matter of federal law, federal funds awarded by OJP may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits federal funds awarded by OJP from being used by the recipient, or any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of a federal grant or cooperative agreement, subgrant, contract, subcontract, or loan, or with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law apply, including an exception that applies to Indian tribes and tribal organizations.

Should any question arise as to whether a particular use of federal funds by a recipient (or subrecipient) would or might fall within the scope of these prohibitions, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

26

Specific post-award approval required to use a noncompetitive approach in any procurement contract that would exceed \$250,000

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$250,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at <https://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm> (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$250,000)), and are incorporated by reference here.

27

Requirements pertaining to prohibited conduct related to trafficking in persons (including reporting requirements and OJP authority to terminate award)

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of recipients, subrecipients ("subgrantees"), or individuals defined (for purposes of this condition) as "employees" of the recipient or of any subrecipient.

The details of the recipient's obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at <https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm> (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

28

Requirement to report potentially duplicative funding

If the recipient currently has other active awards of federal funds, or if the recipient receives any other award of federal funds during the period of performance for this award, the recipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the recipient must promptly notify the DOJ awarding agency (OJP or OVW, as appropriate) in writing of the potential duplication, and, if so requested by the DOJ awarding agency, must seek a budget-modification or

change-of-project-scope Grant Award Modification (GAM) to eliminate any inappropriate duplication of funding.

29

Reporting potential fraud, waste, and abuse, and similar misconduct

The recipient, and any subrecipients ("subgrantees") at any tier, must promptly refer to the DOJ Office of the Inspector General (OIG) any credible evidence that a principal, employee, agent, subrecipient, contractor, subcontractor, or other person has, in connection with funds under this award-- (1) submitted a claim that violates the False Claims Act; or (2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct.

Potential fraud, waste, abuse, or misconduct involving or relating to funds under this award should be reported to the OIG by--(1) online submission accessible via the OIG webpage at <https://oig.justice.gov/hotline/contact-grants.htm> (select "Submit Report Online"); (2) mail directed to: U.S. Department of Justice, Office of the Inspector General, Investigations Division, ATTN: Grantee Reporting, 950 Pennsylvania Ave., NW, Washington, DC 20530; and/or (3) by facsimile directed to the DOJ OIG Investigations Division (Attn: Grantee Reporting) at (202) 616-9881 (fax).

Additional information is available from the DOJ OIG website at <https://oig.justice.gov/hotline>.

30

In accepting this award, the recipient agrees that grant funds cannot be used for Facial Recognition Technology (FRT) unless the recipient has policies and procedures in place to ensure that the FRT will be utilized in an appropriate and responsible manner that promotes public safety, and protects privacy, civil rights, and civil liberties and complies with all applicable provisions of the U.S. Constitution, including the Fourth Amendment's protection against unreasonable searches and seizures and the First Amendment's freedom of association and speech, as well as other laws and regulations. Recipients utilizing funds for FRT must make such policies and procedures available to DOJ upon request.

31

FFATA reporting: Subawards and executive compensation

The recipient must comply with applicable requirements to report first-tier subawards ("subgrants") of \$30,000 or more and, in certain circumstances, to report the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients (first-tier "subgrantees") of award funds. The details of recipient obligations, which derive from the Federal Funding Accountability and Transparency Act of 2006 (FFATA), are posted on the OJP web site at <https://ojp.gov/funding/Explore/FFATA.htm> (Award condition: Reporting Subawards and Executive Compensation), and are incorporated by reference here.

This condition, including its reporting requirement, does not apply to-- (1) an award of less than \$30,000, or (2) an award made to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

32

The recipient agrees to comply with OJP grant monitoring guidelines, protocols, and procedures, and to cooperate with BJA and OCFO on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, and/or site visits. The recipient agrees to provide to BJA and OCFO all documentation necessary to complete monitoring tasks, including documentation related to any subawards made under this award. Further, the recipient agrees to abide by reasonable deadlines set by BJA and OCFO for providing the requested documents. Failure to cooperate with BJA's/OCFO's grant monitoring activities may result in sanctions affecting the recipient's DOJ awards, including, but not limited to: withholdings and/or other restrictions on the recipient's access to grant funds; referral to the Office of the Inspector General for audit review; designation of the recipient as a DOJ High Risk grantee; or termination of an award(s).

33

Required monitoring of subawards

The recipient must monitor subawards under this award in accordance with all applicable statutes, regulations, award conditions, and the DOJ Grants Financial Guide, and must include the applicable conditions of this award in any subaward. Among other things, the recipient is responsible for oversight of subrecipient spending and monitoring of specific outcomes and benefits attributable to use of award funds by subrecipients. The recipient agrees to submit, upon request, documentation of its policies and procedures for monitoring of subawards under this award.

34

Use of program income

Program income (as defined in the Part 200 Uniform Requirements) must be used in accordance with the provisions of the Part 200 Uniform Requirements. Program income earnings and expenditures both must be reported on the quarterly Federal Financial Report, SF 425.

35

Justice Information Sharing

Information sharing projects funded under this award must comply with DOJ's Global Justice Information Sharing Initiative (Global) guidelines. The recipient (and any subrecipient at any tier) must conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at: https://it.ojp.gov/gsp_grantcondition. The recipient (and any subrecipient at any tier) must document planned approaches to information sharing and describe compliance with the GSP and appropriate privacy policy that protects shared information, or provide detailed justification for why an alternative approach is recommended.

36

Avoidance of duplication of networks

To avoid duplicating existing networks or IT systems in any initiatives funded by BJA for law enforcement information sharing systems which involve interstate connectivity between jurisdictions, such systems shall employ, to the extent possible, existing networks as the communication backbone to achieve interstate connectivity, unless the recipient can demonstrate to the satisfaction of BJA that this requirement would not be cost effective or would impair the functionality of an existing or proposed IT system.

37

Compliance with 28 C.F.R. Part 23

With respect to any information technology system funded or supported by funds under this award, the recipient (and any subrecipient at any tier) must comply with 28 C.F.R. Part 23, Criminal Intelligence Systems Operating Policies, if OJP determines this regulation to be applicable. Should OJP determine 28 C.F.R. Part 23 to be applicable, OJP may, at its discretion, perform audits of the system, as per the regulation. Should any violation of 28 C.F.R. Part 23 occur, the recipient may be fined as per 34 U.S.C. 10231(c)-(d). The recipient may not satisfy such a fine with federal funds.

38

Protection of human research subjects

The recipient (and any subrecipient at any tier) must comply with the requirements of 28 C.F.R. Part 46 and

all OJP policies and procedures regarding the protection of human research subjects, including obtainment of Institutional Review Board approval, if appropriate, and subject informed consent.

39

Confidentiality of data

The recipient (and any subrecipient at any tier) must comply with all confidentiality requirements of 34 U.S.C. 10231 and 28 C.F.R. Part 22 that are applicable to collection, use, and revelation of data or information. The recipient further agrees, as a condition of award approval, to submit a Privacy Certificate that is in accord with requirements of 28 C.F.R. Part 22 and, in particular, 28 C.F.R. 22.23.

40

The award recipient agrees to participate in a data collection process measuring program outputs and outcomes. The data elements for this process will be outlined by the Office of Justice Programs.

41

The recipient agrees to cooperate with any assessments, national evaluation efforts, or information or data collection requests, including, but not limited to, the provision of any information required for the assessment or evaluation of any activities within this project.

42

Law enforcement task forces - required training

Within 120 days of award acceptance, each current member of a law enforcement task force funded with award funds who is a task force commander, agency executive, task force officer, or other task force member of equivalent rank, must complete required online (internet-based) task force training. Additionally, all future task force members must complete this training once during the period of performance for this award, or once every four years if multiple OJP awards include this requirement.

The required training is available free of charge online through the BJA-funded Center for Task Force Integrity and Leadership (www.ctfli.org). The training addresses task force effectiveness, as well as other key issues including privacy and civil liberties/rights, task force performance measurement, personnel selection, and task force oversight and accountability. If award funds are used to support a task force, the recipient must compile and maintain a task force personnel roster, along with course completion certificates.

Additional information regarding the training is available through BJA's web site and the Center for Task Force Integrity and Leadership (www.ctfli.org).

43

Justification of consultant rate

Approval of this award does not indicate approval of any consultant rate in excess of \$650 per day. A detailed justification must be submitted to and approved by the OJP program office prior to obligation or expenditure of such funds.

44

The recipient understands that, in accepting this award, the Authorized Representative declares and certifies, among other things, that he or she possesses the requisite legal authority to accept the award on behalf of the recipient entity and, in so doing, accepts (or adopts) all material requirements that relate to conduct throughout the period of performance under this award. The recipient further understands, and agrees, that it will not assign anyone to the role of Authorized Representative during the period of performance under the award without first ensuring that the individual has the requisite legal authority.

45

Compliance with National Environmental Policy Act and related statutes

Upon request, the recipient (and any subrecipient at any tier) must assist BJA in complying with the National Environmental Policy Act (NEPA), the National Historic Preservation Act, and other related federal environmental impact analyses requirements in the use of these award funds, either directly by the recipient or by a subrecipient. Accordingly, the recipient agrees to first determine if any of the following activities will be funded by the grant, prior to obligating funds for any of these purposes. If it is determined that any of the following activities will be funded by the award, the recipient agrees to contact BJA.

The recipient understands that this condition applies to new activities as set out below, whether or not they are being specifically funded with these award funds. That is, as long as the activity is being conducted by the recipient, a subrecipient, or any third party, and the activity needs to be undertaken in order to use these award funds, this condition must first be met. The activities covered by this condition are:

- a. New construction;
- b. Minor renovation or remodeling of a property located in an environmentally or historically sensitive area, including properties located within a 100-year flood plain, a wetland, or habitat for endangered species, or a property listed on or eligible for listing on the National Register of Historic Places;
- c. A renovation, lease, or any proposed use of a building or facility that will either (a) result in a change in its basic prior use or (b) significantly change its size;
- d. Implementation of a new program involving the use of chemicals other than chemicals that are (a) purchased as an incidental component of a funded activity and (b) traditionally used, for example, in office, household, recreational, or education environments; and
- e. Implementation of a program relating to clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories.

The recipient understands and agrees that complying with NEPA may require the preparation of an Environmental Assessment and/or an Environmental Impact Statement, as directed by BJA. The recipient further understands and agrees to the requirements for implementation of a Mitigation Plan, as detailed at <https://bj.gov/Funding/nepa.html>, for programs relating to methamphetamine laboratory operations.

Application of This Condition to Recipient's Existing Programs or Activities: For any of the recipient's or its subrecipients' existing programs or activities that will be funded by these award funds, the recipient, upon specific request from BJA, agrees to cooperate with BJA in any preparation by BJA of a national or program environmental assessment of that funded program or activity.

46

Establishment of trust fund

If award funds are being drawn down in advance, the recipient (or a subrecipient, with respect to a subaward) is required to establish a trust fund account. Recipients (and subrecipients) must maintain advance payments of federal awards in interest-bearing accounts, unless regulatory exclusions apply (2 C.F.R. 200.305(b)(8)). The trust fund, including any interest, may not be used to pay debts or expenses incurred by other activities beyond the scope of the Edward Byrne Memorial Justice Assistance Grant Program (JAG). The recipient also agrees to obligate the award funds in the trust fund (including any interest earned) during the period of performance for the award and expend within 90 days thereafter. Any unobligated or unexpended funds, including interest earned, must be returned to OJP at the time of closeout.

47

All State and Local JAG recipients must submit quarterly Federal Financial Reports (SF-425). Additionally,

State JAG and Local JAG Category Two (\$25K or more) must submit semi-annual performance reports through JustGrants and Local JAG Category One (Less than \$25K) must submit annual performance reports through JustGrants. Consistent with the Department's responsibilities under the Government Performance and Results Act (GPRA) and the GPRA Modernization Act of 2010, the recipient must provide data that measure the results of its work. The recipient must submit quarterly performance metrics reports through BJA's Performance Measurement Tool (PMT) website (www.bjaperformancetools.org). For more detailed information on reporting and other JAG requirements, refer to the JAG reporting requirements webpage. Failure to submit required JAG reports by established deadlines may result in the freezing of grant funds and future High Risk designation.

48

Required data on law enforcement agency training

Any law enforcement agency receiving direct or sub-awarded funding from this JAG award must submit quarterly accountability metrics data related to training that officers have received on the use of force, racial and ethnic bias, de-escalation of conflict, and constructive engagement with the public.

49

Expenditures prohibited without waiver

No funds under this award may be expended on the purchase of items prohibited by the JAG program statute, unless, as set forth at 34 U.S.C. 10152, the BJA Director certifies that extraordinary and exigent circumstances exist, making such expenditures essential to the maintenance of public safety and good order.

50

Authorization to obligate (federal) award funds to reimburse certain project costs incurred on or after October 1, 2021

The recipient may obligate (federal) award funds only after the recipient makes a valid acceptance of the award. As of the first day of the period of performance for the award (October 1, 2021), however, the recipient may choose to incur project costs using non-federal funds, but any such project costs are incurred at the recipient's risk until, at a minimum-- (1) the recipient makes a valid acceptance of the award, and (2) all applicable withholding conditions are removed by OJP (via an Award Condition Modification (ACM)). (A withholding condition is a condition in the award document that precludes the recipient from obligating, expending, or drawing down all or a portion of the award funds until the condition is removed.)

Except to the extent (if any) that an award condition expressly precludes reimbursement of project costs incurred "at-risk," if and when the recipient makes a valid acceptance of this award and OJP removes each applicable withholding condition through an Award Condition Modification (ACM), the recipient is authorized to obligate (federal) award funds to reimburse itself for project costs incurred "at-risk" earlier during the period of performance (such as project costs incurred prior to award acceptance or prior to removal of an applicable withholding condition), provided that those project costs otherwise are allowable costs under the award.

Program Narrative

Project objectives are to purchase and/or upgrade needed law enforcement equipment and supplies (see budget detail worksheet) not funded locally due to budget constraints. Our project timeline is to have fully implemented all grant funded purchases within the grant period. Equipment items identified in this grant application will meet current documented purchasing policies of each agency (Cities of Fayetteville and Springdale, and Washington County) and track grant funding following generally accepted accounting principles.

The City of Fayetteville, as the grant fiduciary, has a long history of obtaining, tracking, and reporting on federal grant funds. To date, no operational or financial discrepancies have been identified. Grant funds will be drawn down on a reimbursement basis to the City of Fayetteville's Project Accounting System. This system itemizes each grant transaction and supporting documentation electronically by an assigned project number, and it is monitored by our grants administrator and internal auditor to ensure accuracy and compliance.

The requested funding for this Justice Assistance Grant (JAG) application focuses on items that have been previously left out of local funding sources due to our economic constraints. These items include equipment and training/policing supplies as detailed below:

Equipment:

City of Fayetteville

The City of Fayetteville will utilize a portion of its 2022 JAG Local Solicitation allocation to purchase a key management system to assist in the control of our law enforcement

fleet of vehicles and to govern access to the City's secure facilities. The key management system controls, monitors and records keys/fobs used for physical assets, including secure areas and premises, facilities, equipment, machinery and vehicles.

City of Springdale

As a sub recipient, the City of Springdale will utilize their portion of the 2022 JAG Local Solicitation allocation for funding the purchase of a 5-ton rotary equipment lift and patrol shields. The purchase of a rotary equipment lift will assist with patrol vehicle maintenance and repairs to reduce downtime and extend the life of their fleet. Additionally, the City of Springdale will purchase patrol shields for protection of officers and civilians in an active shooter event.

Supplies:

City of Fayetteville

The City of Fayetteville will purchase computer lab supplies, training supplies, and forensic lab supplies within this category of its 2022 JAG Local Solicitation allocation. Computer lab supplies will include a portable cart with computer hardware, software, and cabling to allow projection to overhead monitors during educational and training presentations, critical incident debriefings, and virtual meetings. Training supplies will include exercise mats and obstacles, personal protective gear, and simunition supplies. These items are an essential part of training our officers in active shooter scenarios, de-escalation techniques, and defensive survival techniques. Forensic lab supplies will consist of a Forensic Recovery of Evidence Device (FRED) system, digital data recovery software, and computer accessories. FRED systems are purpose built with top-quality, leading edge,

proven technology optimized for Digital Forensics and eDiscovery work. Highly integrated and flexible, FREDs are built with the processing power and storage needed to run modern industry standard software applications. Digital data recovery software, such as Cellebrite, extracts important files of evidence from electronic devices that aids in the arrests and prosecution of criminals. FRED system accessories include an assortment of cables required to access all known digital devices.

City of Springdale

Within the Supplies category of the 2022 JAG Local Solicitation, the City of Springdale will purchase a speed enforcement radar. This speed enforcement radar will expand the department's traffic enforcement program and assist in directed speed enforcement hot spots.

Washington County

As a sub recipient of the 2022 JAG Local Solicitation, Washington County will use funding within the Supplies category to expand their Body Worn Camera (BWC) Program with five (5) additional BWCs. This purchase will include the cameras, warranties, docking stations, and software licenses. This purchase will increase safety for their deputies and community while promoting transparency within the Patrol Division. As required by the JAG Program, a Body Worn Camera Policy Certification is attached and submitted with our grant application in JustGrants.

2022 Arkansas LOCAL JAG ALLOCATIONS

Listed below are all jurisdictions in the state that are eligible for FY 2022 JAG funding, as determined by the JAG formula. For additional details regarding the JAG formula and award calculation process, with examples, please refer to the JAG Technical report here: <https://bjs.ojp.gov/library/publications/justice-assistance-grant-jag-program-2021> and current JAG Frequently Asked Questions here: <https://bja.ojp.gov/program/jag/frequently-asked-questions>.

Finding your jurisdiction:

(1) Disparate jurisdictions are listed in shaded groups below, in alphabetic order by county.

(2) Direct allocations are listed alphabetically below the shaded, disparate groupings.

(3) Counties that have an asterisk (*) under the "Direct Allocation" column did not submit the level of violent crime data to qualify for a direct award from BJA, but are in the disparate grouping indicated by the shaded area. The JAG legislation requires these counties to remain a partner with the local jurisdictions receiving funds and must be a signatory on the required Memorandum of Understanding (MOU). A sample MOU is provided online at: <https://www.bja.gov/Funding/JAGMOU.pdf>. Disparate jurisdictions do not need to abide by the listed individual allocations, which are provided for information only. Jurisdictions in a funding disparity are responsible for determining individual amounts within the Eligible Joint Allocation and for documenting individual allocations in the MOU.

MEETING OF JANUARY 10, 2023

TO: Mayor Jordan and City Council
THRU: Susan Norton, Chief of Staff
FROM: Peter Nierengarten, Environmental Director
DATE: December 27, 2022
SUBJECT: **Contract Amendment #1 with Genesis Church:**

RECOMMENDATION:

Staff recommends approval of contract amendment 1 with Genesis Church for continuation of a litter abatement program in partnership with the City of Fayetteville.

BACKGROUND:

In recent years the City of Fayetteville has experienced unprecedented growth in population. This growth has exacerbated an ongoing litter problem across the city and in specific geographic areas notably along streets, trails, parks and streams. The presence of litter degrades our environment, impacts water quality and threatens our quality of life. The City has developed and currently operates numerous adopt-a-trail, adopt-a-street and adopt-a-park initiatives in partnership with volunteer groups to manage and abate litter, but the problem continues to grow.

Simultaneously, Fayetteville is seeing a growing population of unsheltered residents camping primarily in urban woodlands along trails and streams within the City. Several programs and agencies are working in coordination to address this homelessness challenge, but additional support and coordination is needed to address this growing issue.

In June 2022, the City of Fayetteville and Genesis Church worked to develop a 6-month litter abatement pilot program to allow unsheltered individuals a paid work opportunity to beautify the City of Fayetteville by picking up litter in designated areas. Since the beginning of the pilot, over 220 participants have removed over 60,000 lbs of litter from creeks, parks, trails and streets in Fayetteville.

DISCUSSION:

The City of Fayetteville proposes extending the pilot Litter Abatement Program into 2023. Genesis Church will manage the day to day operation of the program. They will supervise workers, provide transportation, provide lunch, provide access to local social services and pay workers at the end of each day. The City will provide all litter collection supplies and direct litter abatement crews to identified locations for litter collection. Litter that has been collected and bagged by the litter abatement crews will then be delivered to the Recycling and Trash Division's transfer station on Happy Hollow Road.

The City in partnership with Genesis Church will continue to collect data and metrics that will be utilized to determine the effectiveness of the project.

**AMENDMENT 1 TO MEMORANDUM OF AGREEMENT FOR THE
FAYETTEVILLE LITTER ABATEMENT PROGRAM**

This Amendment 1, made and entered into on this ____ day of ____, 2023, by and between the City of Fayetteville, Arkansas ("City") and Central United Methodist Church, Inc. d/b/a Genesis on MLK ("Genesis"), witnesseth:

WHEREAS, homelessness is a significant public issue for many Fayetteville residents; and,

WHEREAS, the City supports and encourages programs that address the critical health and safety needs of unsheltered individuals; and,

WHEREAS, on June 17, 2022, the City and Genesis entered into an Agreement establishing a pilot program to help ensure that unsheltered Fayetteville residents have a work opportunity and access to support services; and,

WHEREAS, since that time the City and Genesis have partnered to operate a program providing persons experiencing homelessness with paid work opportunities by picking up debris in designated areas within the City of Fayetteville which has beautified the City (the "Program").

NOW, THEREFORE, the City of Fayetteville, Arkansas and Genesis Church agree to amend their original Agreement as follows:

1. The City of Fayetteville, Arkansas and Genesis agree to extend the term of their agreement through December 31, 2023. This Amendment 1 shall be effective on ____, 2023, and supersedes and replaces all of the terms, conditions, and obligations contained in the original Agreement.
2. The City of Fayetteville, Arkansas agrees to:
 - A. Reimburse Genesis Church for:
 - 1) Payments made to independent contractors participating in the Program at a rate of \$12.50 per hour.
 - 2) The supervisory position at a rate of \$17.00 per hour plus taxes, workers' compensation insurance and other withholdings.
 - 3) The administration fee at a rate of \$2,000.00 per month.
 - 4) Mileage expenses for transportation provided for independent contractors to and from job sites and for transport of material to City Transfer Station.
 - 5) Lunches provided to program participants.
 - B. The City agrees to provide the following equipment for this Program as needed and as agreed upon by the parties, including but not limited to:
 - Trash Grabbers;

- Buckets;
 - Recycle Bins
 - Trash bags;
 - Safety vests; and
 - Gloves.
- C. The City agrees to designate a contact person in the City's Recycling and Trash Collection Division who will assign work sites.
- D. Accept trash at the City's Transfer Station or other designated drop location.
3. Genesis Church agrees to:
- A. Designate a representative to direct and coordinate Genesis' responsibilities with respect to this Agreement.
 - B. Provide the Program's supervisors any required workers' compensation insurance and shall be solely responsible for any and all taxes and withholdings related thereto. Genesis also agrees to comply with all applicable state and federal tax, insurance, and employment laws.
 - C. Pay Program participants at a rate of \$12.50/hour worked as independent contractors. Genesis shall pay each participant daily at the drop-off point at the end of the day.
 - D. Provide information about various local social services to the participants with a goal of ending their unsheltered status.
 - E. Collect and report data concerning the Project to the City including, but not limited to:
 - The number of participants of each day of the Program;
 - The number of individuals participating in the Program on more than one day and the total number of days each such person participated in the Program;
 - Which local social services participants utilized and the number of participants who utilized each service;
 - Provide an estimate of the amount of debris collected;
 - The monetary amount spent to pay participants for participation in the Program.
 - F. Be responsible for determining the routes to each site as well as the pickup and drop off points for the participants.
 - G. Provide vehicles for the purposes of the Program.

- H. Transport trash to the City's Transfer Station or other designated drop location.
 - I. Provide lunch for the Program's participants and supervisors each day the Program operates.
 - J. File, in a timely fashion and to the best of its ability, an Internal Revenue Service Form 1099 for any participant in the Program who receives more than Six Hundred Dollars (\$600.00) by means of the Program.
 - K. Provide the participants the equipment needed to perform their duties whether that equipment is purchased by Genesis or provided by the City.
 - L. Submit monthly invoice to the City showing proof hours worked, sites cleaned up, and amount of trash collected.
4. The maximum not to exceed amount for this agreement is \$100,000 and the term of this amended Agreement shall be from the effective date of this Amendment as provided above through December 31, 2023. The term of this Agreement may be extended by mutual agreement between Genesis and the Fayetteville City Council.

SUBJECT: Litter Abatement pilot program with Genesis Church

RECOMMENDATION:

Staff recommends approval of a contract with Genesis Church to develop a litter abatement program in partnership with the City of Fayetteville.

BACKGROUND:

In recent years the City of Fayetteville has experiencing unprecedented growth in population. This growth has exacerbated an ongoing litter problem across the city and in specific geographic areas notably along streets, trails, parks and streams. The presence of litter degrades our environment, impacts water quality and threatens our quality of life. The City has developed and currently operates numerous adopt-a-trail, adopt-a-street and adopt-a-park initiatives in partnership with volunteer groups to manage and abate litter, but the problem continues to grow.

Simultaneously, Fayetteville is seeing a growing population of unsheltered residents camping primarily in urban woodlands along trails and streams within the City. Several programs and agencies are working in coordination to address this homelessness challenge, but additional support and coordination is needed to address this growing issue.

DISCUSSION:

The City of Fayetteville proposes developing a Litter Abatement Program that would be a 6-month pilot project to allow unsheltered individuals a paid work opportunity to beautify the City of Fayetteville by picking up litter in designated areas. This project will be developed in partnership with, and managed by, Genesis Church. Genesis Church will manage the day to day operation of the program. They will supervise workers, provide transportation, provide lunch, provide access to local social services and pay workers at the end of each day. The City would provide all litter collection supplies and direct litter abatement crews to identified locations for litter collection. Litter that has been collected and bagged by the litter abatement crews will then be picked up by the City's Recycling and Trash Collection Division and processed at the Recycling and Trash Division's transfer station on Happy Hollow Road.

The City in partnership with Genesis Church will collect data and metrics that will be utilized to determine the effectiveness of the pilot project. Potential data that could be collected includes waste volume collected, material composition studies or sample audits, number of individuals

employed, wages paid, hours worked, etc. At the conclusion of this pilot project the data collected will be analyzed and reported to the City Council for review and determination if the project is successful and worthy of being implemented in a longer time period or indefinitely.

BUDGET/STAFF IMPACT:

The maximum not-to-exceed amount authorized for this pilot project is \$30,781. Funding for the work will come from the Recycling and Trash Collections promotional activities budget.

RESOLUTION NO. _____

A RESOLUTION TO ORDER THE RAZING AND REMOVAL OF A DILAPIDATED AND UNSAFE STRUCTURE ON PROPERTY OWNED BY KEVIN ROY CALHOUN LOCATED AT 3301 SOUTH COACH ROAD IN THE CITY OF FAYETTEVILLE, ARKANSAS, AND TO APPROVE A BUDGET ADJUSTMENT IN THE AMOUNT OF \$17,500.00

WHEREAS, Kevin Roy Calhoun is the record owner of real property, legally described in attached Exhibit A which is located at 3301 South Coach Road, City of Fayetteville, Washington County, Arkansas; and

WHEREAS, the City Council has determined that a structure located on said property with the address 3301 South Coach Road is dilapidated, unsightly, unsafe, and detrimental to the public welfare; and

WHEREAS, Kevin Roy Calhoun, having been properly served by sending a Notice of Violation by Certified Mail, Return Receipt Requested to the owner's address of record, and, given thirty (30) days to correct said violations, has failed to repair, or raze and remove said dilapidated, unsightly, and unsafe structure.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF FAYETTEVILLE, ARKANSAS:

Section 1: That, by the authority granted pursuant to A.C.A. §14-56-203, and in accordance with the provisions of Section 173.08 of the Fayetteville Code of Ordinances, Kevin Roy Calhoun is hereby ordered to raze and remove forthwith the dilapidated, unsightly, and unsafe structure located at 3301 South Coach Road, Fayetteville, Arkansas. The manner of removing said structure shall be: dismantle by hand or bulldozer, and haul all debris to a landfill.

Section 2: That, if Kevin Roy Calhoun does not comply with this order, the Mayor is hereby authorized to cause the dilapidated, unsightly, and unsafe structure to be razed and removed; and a lien against the real property shall be granted and given the City, pursuant to A.C.A. §14-54-904, for the costs associated therewith.

Section 3: That the City Council of the City of Fayetteville, Arkansas hereby approves a budget adjustment, a copy of which is attached to this Resolution.

MEETING OF DECEMBER 6TH, 2022

TO: Mayor and City Council

THRU: Susan Norton, Chief of Staff

FROM: Billy Bryant, Senior Code Compliance Officer

DATE: November 10, 2022

SUBJECT: Raze and Removal of Structure at 3301 S. Coach Rd.

RECOMMENDATION:

Staff recommends approval of a resolution ordering the Raze and Removal of a dilapidated and unsafe structure located at 3301 S. Coach Rd., and to approve a budget adjustment in the amount of \$17,500.00 for the project.

BACKGROUND:

The raze and removal case regarding 3301 S. Coach Rd. was opened on June 29, 2022, and a notice of violation was mailed out that day. Staff received the signed receipt showing the owner received the notice on July 11, 2022. This property has faced corrective action from Code Compliance on three separate occasions. Staff used city contractors to correct grass violations twice in 2018, and once in 2022. There is an inoperable vehicle that has resided on the property since 2006. These violations illustrate a history of non-compliance with city code for over a decade. Along with the grass and vehicle violations, the structure has also deteriorated past the point of repair.

DISCUSSION:

This address consists of a single family, one story, 2,737 square foot structure. Photos show separation in the foundation of the structure. The neglect of this structure has resulted in a rotting roof, rotting fascia and soffit that are falling off the structure. The porch surrounding the structure is rotted and falling through. The siding on the structure is covered in mildew and is buckling in some places. This amount of damage has left the structure uninhabitable for an unknown amount of time. These structural failures allow rain and moisture to get inside the structure, hindering it from being habitable even further. The property owner has not reached out to staff regarding this violation. Inspections indicate that the structure is not occupied.

BUDGET/STAFF IMPACT:

If the property owner does not comply with the Raze and Removal order, Raze and Removal costs will be expensed to the current budget. A lien will be placed on the property for the incurred costs. Following procedure, bids were received with \$17,500.00 representing the

lowest. The current budget balance of \$4,856.00 has not been spent but has already been included on another project (2141 N. Green Acres Rd).

765-11183-000**Dear Property Owner:**

It appears that your property contains a violation of the Fayetteville Unified Development Ordinance. It is our goal to notify and assist property owners to correct violations of city ordinances before taking actual enforcement actions. If you need clarification of this notice or advice on how to correct the problem, please contact us.

Violation That Needs Correction: 173.08 - Unsafe Buildings - (Raze & Removal) - Unsafe Buildings - (Raze & Removal)

No person, partnership, corporation, or association, hereinafter referred to as "owner", shall keep or maintain any house or building within the corporate limits of the City which has become dilapidated, unsafe, unsanitary, or detrimental to the public welfare.

Possible Penalties:

If this violation is not corrected within thirty (30) days from the service of this notice, a Public Hearing will be held for the approval of a raze & removal determination by the City Council. The costs shall be charged to the owner(s) of the property and the city shall have a lien against such property for the costs. If you disagree with our conclusion that your property contains a violation of our ordinances, you have the right to an appeal. Please see Chapter 155 of the Unified Development Code.

How This Violation Can Be Voluntarily Corrected: By making repairs as needed or razing the structure and remove all debris from the lot. A building permit may be required, based on review of the Building Safety Director.

Sincerely,

Derek Benjamin

CAUTION: This email originated from outside of the City of Fayetteville. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To City Council,

Hello, my name is Kevin Calhoun and I'm the owner of the property on 3301 S Coach Rd. Regrettably, I'm unable to attend the city council meeting this evening due to unavoidable work schedule, so I'm giving you my testimony via this email.

Now, I would like to preface this and emphasize this is not an excuse for my lack of handling the issues with said property.

I would like to give you a brief back story of certain events that took place before I came into ownership of this property.

I witnessed my mother take her last breath from stage 4 lung cancer in this house and four days prior to this I took my father, who was wheelchair bound from a severe stroke, to see her for what we knew would probably be the last time. Two years later my dad died. These events along with the knowledge that my dad, prior to his health issues, had spent thousands of dollars to repair the foundation of the house with a company, who later was determined to be a fly by night company, who disappeared with no way to reach them for compensation and which didn't perform the job with the results they guaranteed.

Admittedly, I didn't handle the loss of my parents well at all and I wasn't ready to deal with the house as well. Again, no excuses, just admitting my failure to take on these issues.

I'm sharing these with you to tell you I care about this property and I'm asking you, the council, to give me a chance to make this right and come to a resolution with this part of my life.

I've spoken with Mr. Bryant about the steps I need to take and have spoken with Milton with code compliance about the process for applying for a demolition permit. I'm also taking steps to have utilities disconnected, hiring a crew to remove the contents inside the house and remove vehicles from the property. Having no experience with the demolition of a house I can only give you an estimated time frame, but after speaking with Mr. Bryant I'm looking at 3 to 4 months to

complete.

As for future plans with the property, I would really like to build a house on this property and of course I have the option to sell the property.

Thank you for your time, patience and consideration of my proposal.

Sincerely,

Kevin Calhoun

MEETING OF JANUARY 17, 2023

TO: Mayor Jordan and City Council
THRU: Susan Norton, Chief of Staff
Jonathan Curth, Development Services Director
FROM: Jessica Masters, Development Review Manager
DATE: January 4, 2023
SUBJECT: **VAC 22-024 (RAZORBACK RD, MAPLE ST., ETC.):**

RECOMMENDATION:

BACKGROUND:

The subject property includes 6.54 acres of right-of-way spread along portions of seven public streets adjacent to University of Arkansas Property (see attached survey). Most prominently, the right-of-way includes:

- Arts District: Three separate areas of right-of-way behind street curbs on the north, west, and east borders of the new Arts District, along W. Martin Luther King Jr. Boulevard, S. Hill Avenue, and S. LT. Col. Leroy Pond Avenue.
- Former Highway 112: Multiple areas of right-of-way behind the curb along both the east and west sides of Razorback Road, north and south sides of W. Maple Street, and east and west sides of Garland Avenue.
- Cleveland Street: Two areas of right-of-way along the south side of W. Cleveland Street, between N. Lindell Avenue to the east and N. Razorback Road to the west.

Given the large number of properties associated with the right-of-way, adjacent zoning district information is not provided. All properties adjacent to the request are owned by the University of Arkansas with uses varying from parking and athletic facilities to housing and classrooms. A similar proposal was heard by the Planning Commission in late 2021, but was tabled indefinitely at the applicant's request to allow time to coordinate with the City Attorney's office. The applicant is bringing back a new request, with an additional portion of right-of-way for consideration.

Proposal: The applicant proposes to vacate 18 separate pieces of public right of way totaling 6.54 acres along seven streets. In turn, a dedication of right-of-way totaling 1.43 acres is proposed along Razorback Road and between W. Nolan Richardson Drive to the south and W. Maple Street to the north. With this request, the applicant noted in their letter that existing utilities will be protected through easement dedication. Additionally, the applicant asserts that vacating the right-of-way will remove current and future sections of Senior Walk, landscaping, lights, and trees from the City's responsibility.

DISCUSSION:

At the December 12, 2022 Planning Commission meeting, Commissioners voted to forward the item to City Council with a recommendation of approval, with a vote of 8-0-0. Commissioner Garlock made the motion, and

Mailing address:

www.fayetteville-ar.gov

Commissioner Winston seconded. Finding that the conditions of approval covered previous concerns about pedestrian access and maintenance, Commissioners found the request to vacate the right-of-way to be acceptable. No public comment was offered on the item.

City staff and Planning Commission recommend approval of VAC-2022-0024 as shown in the attached Exhibits 'A' and 'B', and with the following conditions of approval:

1. Easements shall be dedicated for any existing facilities associated with this right-of-way vacation request, with review and coordination by the applicant with the utility provider, including the client properly identifying utilities in the field by means of surveying, pot holing, and coordinating with representatives.
2. Adequate accommodation for pedestrian access must be maintained whether through easement or agreement.
3. The applicant must dedicate right-of-way to the back of curb in any areas where right of way does not currently exist
4. The applicant must dedicate a pedestrian access easement to the existing back of sidewalk or master street plan right of way in areas where sidewalk does not currently exist.
5. Signal poles and appurtenances must remain in the right-of-way, or an easement be dedicated over the areas where poles and appurtenances are located.
6. Drainage easements must be dedicated in areas of existing drainage facilities.
7. An agreement will need to be developed establishing responsibility (or lack thereof) for repairs to non-typical features behind the curb due to maintenance, installation, and repair of any city facilities located within vacated rights of way, including drainage facilities and water/sewer lines. The City will not be responsible for maintenance or repair of anything except a standard sidewalk.
8. Any damage or relocation of existing facilities will be at the property owner/developer's expense.
9. All easements and agreements required as a condition of this vacation shall be reviewed by the City and signed by the Mayor.

**Written request and narrative to accompany Right-of-Way Vacation
University of Arkansas, City of Fayetteville, Arkansas.**

To: The Fayetteville City Planning Commission and
The Fayetteville City Council

On behalf of the landowners, I am petitioning the Fayetteville City Planning Commission and the Fayetteville City Council to vacate/reduce portions of ROW in the areas described below:

Razorback Rd: Vacating ROW west of the west back of curb and east of the east back of curb from MLKJr Blvd to Maple St (and including the bus pull off area on the east side just north of Mitchell St); and east of the east back of curb from Maple St to Cleveland St. Excluding any vacation of the existing ROW along the west side of Razorback Rd, north of Center Street adjacent to the Islamic Center of Northwest Arkansas property.

Maple St: Vacating ROW north of the north back of curb and south of the south back of curb, from Razorback Rd to Garland Ave

Garland Ave: Vacating ROW west of the west back of curb and east of the east back of curb, from Maple St to Cleveland St (and including the bus pull off area on the east side between Douglas St and Cleveland St)

Cleveland St: Vacating ROW south of the south back of curb, from Razorback Rd to Lindell Ave

Hill Ave: Vacating ROW east of the east back of curb, south of MLKJr Blvd to the alley along the north side of the National Cemetery property

Lt Col Leroy Pond: Vacating ROW west of the proposed back of curb, south of MLKJr Blvd to the Railroad ROW containing the City trail

MLKJr Blvd: Vacating the 10' strip of ROW along the south side of MLKJr Blvd in the center of the block between Hill Ave and Lt Col Leroy Pond

The University of Arkansas is the only abutting land owner to the rights of way sought to be vacated/reduced. By granting this vacation request, the current owners would benefit, and no other landowner would be adversely affected.

Pedestrian Access Easements will be dedicated to the City to the back of sidewalks along the streets.

Where storm drainage systems, water mains, and sewer mains exist within the proposed vacated areas: drainage, water, and sewer easements will be dedicated to the City. Other utilities located within the proposed vacated areas will receive written easements for their continued use, maintenance, & repair/replacement.

The public interest and welfare would not be adversely affected by granting this vacation request.

The vacation/reduction of the rights of way described above would benefit the City of Fayetteville by removing the senior sidewalks, sidewalks, side paths, lights, trees, signs, drive aprons, etc from required city maintenance and repair/replacement, thus saving the taxpayers and allowing money allocated for this purpose to be used where needed elsewhere. Those obligations would be conveyed unto the University of Arkansas.

PETITION TO VACATE/REDUCE STREET RIGHTS OF WAY LOCATED IN SECTIONS 8, 9, 16, 17 & 21, T16N, R30W, IN THE CITY OF FAYETTEVILLE, ARKANSAS

TO: The Fayetteville City Planning Commission and
The Fayetteville City Council

We, the undersigned, being all the owners of the real estate abutting the street rights of way hereinafter sought to be abandoned/vacated/reduced, lying in sections 8, 9, 16, 17 & 21, T16N, R30W, in the City of Fayetteville, Arkansas, a municipal corporation, petition to vacate the street rights-of-way which are described as follows:

Razorback Rd: Vacating ROW west of the west back of curb and east of the east back of curb from MLKJr Blvd to Maple St (and including the bus pull off area on the east side just north of Mitchell St); and east of the east back of curb from Maple St to Cleveland St. Excluding any vacation of the existing ROW along the west side of Razorback Rd, north of Center Street adjacent to the Islamic Center of Northwest Arkansas property.

Maple St: Vacating ROW north of the north back of curb and south of the south back of curb, from Razorback Rd to Garland Ave

Garland Ave: Vacating ROW west of the west back of curb and east of the east back of curb, from Maple St to Cleveland St (and including the bus pull off area on the east side between Douglas St and Cleveland St)

Cleveland St: Vacating ROW south of the south back of curb, from Razorback Rd to Lindell Ave

Hill Ave: Vacating ROW east of the east back of curb, south of MLKJr Blvd to the alley along the north side of the National Cemetery property

Lt Col Leroy Pond: Vacating ROW west of the proposed back of curb, south of MLKJr Blvd to the Railroad ROW containing the City trail

MLKJr Blvd: Vacating the 10' strip of ROW along the south side of MLKJr Blvd in the center of the block between Hill Ave and Lt Col Leroy Pond

That the abutting real estate affected by said abandonment/vacation/reduction of the street rights of way are various tracts of land owned by the University of Arkansas in the City of Fayetteville, the rights of way are only being abandoned to the extents noted in the description above thus reducing the street rights of way and not eliminating them, that the affected streets will continue to have unaffected vehicular traffic, and that the public interest and welfare would not be adversely affected by the abandonment/vacation/reduction of portions of the above described street rights of way.

The petitioners pray that the City of Fayetteville, Arkansas, abandon and vacate the above described real estate, subject, however, to the existing storm drainage easements, water easements and sewer easements as required, and that the above described real estate be used for their respective benefit and purpose as now approved by law.

The petitioners further pray that the above described real estate be vested in the abutting property owners as provided by law.

WHEREFORE, the undersigned petitioners respectfully pray that the governing body of the City of Fayetteville, Arkansas, abandon and vacate the above described real estate, subject to said storm drainage easements, water easements and sewer easements, and that title to said real estate sought to be abandoned be vested in the abutting property owners as provided by law, and as to that particular land the owners be free from the easements of the public for the use of said right of way.

MEETING DATE: December 12, 2022

SUBJECT: **VAC-2022-0024: Vacation (RAZORBACK RD., MLK BLVD., MAPLE ST., GARLAND AVE., CLEVELAND ST., HILL AVE., & LT. COL. LEROY POND AVE./UA-ARTS ROW VACATION, 482/521/522):** Submitted by DCI for portions of right-of-way located along Razorback Rd./Maple St./Garland Ave/Cleveland St./Hill Ave./MLK Blvd./Lt. Col. Leroy Pond Ave. The rights-of-way are within or adjacent to property belonging to the University of Arkansas. The request is to vacate portions of existing street rights of way totaling approximately 6.54 acres.

RECOMMENDATION:

Staff recommends forwarding **VAC-2022-0024** to City Council with a recommendation of approval, with conditions.

RECOMMENDED MOTION:

"I move to forward **VAC-2022-0024** with a recommendation of approval, with conditions as recommended by staff."

BACKGROUND:

The subject property includes 6.54 acres of right-of-way spread along portions of seven public streets adjacent to University of Arkansas Property (see attached survey). Most prominently, the right-of-way includes:

- **Arts District:** Three separate areas of right-of-way behind street curbs on the north, west, and east borders of the new Arts District, along W. Martin Luther King Jr. Boulevard, S. Hill Avenue, and S. LT. Col. Leroy Pond Avenue.
- **Former Highway 112:** Multiple areas of right-of-way behind the curb along both the east and west sides of Razorback Road, north and south sides of W. Maple Street, and east and west sides of Garland Avenue.
- **Cleveland Street:** Two areas of right-of-way along the south side of W. Cleveland Street, between N. Lindell Avenue to the east and N. Razorback Road to the west.

Given the large number of properties associated with the right-of-way, adjacent zoning district information is not provided. All properties adjacent to the request are owned by the University of Arkansas with uses varying from parking and athletic facilities to housing and classrooms. A similar proposal was heard by the Planning Commission in late 2021, but was tabled indefinitely at the applicant's request to allow time to coordinate with the City Attorney's office. The applicant is bringing back a new request, with an additional portion of right-of-way for consideration.

Proposal: The applicant proposes to vacate 18 separate pieces of public right of way totaling 6.54 acres along seven streets. In turn, a dedication of right-of-way totaling 1.43 acres is proposed along Razorback Road and between W. Nolan Richardson Drive to the south and W. Maple Street to the north. With this request, the applicant noted in their letter that existing utilities will be protected through easement dedication. Additionally, the applicant asserts that vacating the right-of-way will remove current and future sections of Senior Walk, landscaping, lights, and trees from the City's responsibility.

DISCUSSION:

For several years, the University of Arkansas expressed interest to City staff in achieving greater flexibility to program their property frontages along public streets. This is with the intent of using the land outside of the street and behind the curb for additional landscaping, alternative paving options, extended areas of Senior Walk, or other opportunities. While this was originally proposed as an agreement, the University ultimately submitted a request to vacate the subject right-of-way. Staff finds that if existing utilities and access are adequately protected, the proposal can promote the University's interests and remove areas from City maintenance. None of the 18 portions of right-of-way proposed for vacation encroach on driving lanes and all adjoin University property.

Vacation Approval: The applicant has submitted the required vacation forms to the relevant City departments and franchise utility companies with the following responses in 2021; the applicant re-affirmed and made some modifications to the utility providers' conditions with this request in 2022. As the petitioner and sole landowner adjacent to the subject right-of-way, adjacent property owner consent is not an applicable standard.

<u>Utility</u>	<u>Response</u>
Cox Communications	No objections, provided any damage or relocation of existing Cox facilities will be at the expense of the applicant.
AEP/SWEPCO	No objections, provided easement be dedicated for existing facilities associated with this right-of-way vacation request.
Black Hills Energy AR	No objections, provided that easements along existing lines shall be drafted for Black Hills Energy review, then recorded (retaining same recording position as currently exists, if any).
AT&T	No objections, provided dedicated easements are recorded by client properly identifying ATT utilities in the field by means of surveying, pot holing, and coordinating with ATT representatives. A 10-foot utility easement at ATT existing utility locations a dedicated corridor for backbone placements. Further, ATT requests that any relocation/movement of ATT facilities will be at the cost of the petitioner, and that a permanent TELCO utility easement will be provided to cover all existing ATT facilities along the described route.
Ozarks Electric	No objections and no comment.
<u>City of Fayetteville</u>	<u>Response</u>
Water/Sewer	No objections, provided easements are dedicated as needed for existing water and sewer lines.

Solid Waste & Recycling

No objections and no comment.

Transportation

No objections, provided adequate accommodation is provided for pedestrian access, whether through easement or agreement. Transportation will also require the dedication of Right of Way to the back of curb in any areas where right of way does not currently exist and the dedication of a pedestrian access easement to the existing back of sidewalk or master street plan right of way in areas where sidewalk does not currently exist. Signal poles and appurtenances need to remain in the right of way, or an easement be dedicated over the areas where poles and appurtenances are located. Drainage easements are needed in areas of existing drainage facilities. An agreement will need to be developed establishing responsibility (or lack thereof) for repairs to non-typical features behind the curb due to maintenance, installation, and repair of any city facilities located within vacated rights of way, including drainage facilities and water/sewer lines.

Public Comment: Staff has received inquiries about the request, but no statements of support or opposition. Given the scope of the request, staff required posting of ten public notification signs.

RECOMMENDATION: Staff recommends forwarding **VAC-2022-0024** to City Council with a recommendation of approval, with the following conditions:

Conditions of Approval:

1. Easements shall be dedicated for any existing facilities associated with this right-of-way vacation request, with review and coordination by the applicant with the utility provider, including the client properly identifying utilities in the field by means of surveying, pot holing, and coordinating with representatives.
2. Adequate accommodation for pedestrian access must be maintained whether through easement or agreement.
3. The applicant must dedicate right-of-way to the back of curb in any areas where right of way does not currently exist
4. The applicant must dedicate a pedestrian access easement to the existing back of sidewalk or master street plan right of way in areas where sidewalk does not currently exist.
5. Signal poles and appurtenances must remain in the right-of-way, or an easement be dedicated over the areas where poles and appurtenances are located.
6. Drainage easements must be dedicated in areas of existing drainage facilities.
7. An agreement will need to be developed establishing responsibility (or lack thereof) for repairs to non-typical features behind the curb due to maintenance, installation, and repair of any city facilities located within vacated rights of way, including drainage facilities and water/sewer lines. The City will not be responsible for maintenance or repair of anything except a standard sidewalk.
8. Any damage or relocation of existing facilities will be at the property owner/developer's expense.
9. All easements and agreements required as a condition of this vacation shall be reviewed by the City and signed by the Mayor.

ORDINANCE NO. _____

AN ORDINANCE TO APPROVE VAC 22-024 FOR PROPERTY LOCATED ALONG RAZORBACK ROAD, MAPLE STREET, GARLAND AVENUE, CLEVELAND STREET, HILL AVENUE, MARTIN LUTHER KING JUNIOR BOULEVARD AND LT. COLONEL LEROY POND AVENUE IN WARDS 1 AND 2 TO VACATE PORTIONS OF STREET RIGHTS-OF-WAY

WHEREAS, the City Council has the authority under A.C.A. § 14-54-104 to vacate public grounds or portions thereof which are not required for corporate purposes; and

WHEREAS, the City Council has determined that the following described portions of street rights-of-way is not required for corporate purposes.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FAYETTEVILLE, ARKANSAS:

Section 1: That the City Council of the City of Fayetteville, Arkansas hereby vacates the portions of street rights-of-way as described in Exhibit B attached to the Planning Department's memo.

Section 2: A copy of this Ordinance duly certified by the City Clerk along with the map attached as Exhibit A to the Planning Department's memo shall be filed in the office of the Washington County Circuit Clerk.

Section 3: This vacation approval is subject to the following conditions:

1. Easements shall be dedicated for any existing facilities associated with this right-of-way vacation request, with review and coordination by the applicant with the utility provider, including properly identifying utilities in the field by means of surveying, pot holing, and coordinating with representatives.
2. Adequate accommodation for pedestrian access must be maintained whether through easement or agreement.
3. The applicant must dedicate right-of-way to the back of curb in any areas where right of way does not currently exist.
4. The applicant must dedicate a pedestrian access easement to the existing back of sidewalk or master street plan right of way in areas where sidewalk does not currently exist.
5. Signal poles and appurtenances must remain in the right-of-way, or an easement be dedicated over the areas where poles and appurtenances are located.
6. Drainage easements must be dedicated in areas of existing drainage facilities.
7. An agreement will need to be developed establishing responsibility for repairs to non-typical features behind the curb due to maintenance, installation, and repair of any city facilities located within vacated rights of way, including drainage facilities and water/sewer lines. The City will not be responsible for maintenance or repair of anything except a standard sidewalk.

8. Any damage to or relocation of existing facilities will be at the property owner/developer's expense.
9. All easements and agreements required as a condition of this vacation shall be reviewed by the City and signed by the Mayor.

2022-289

MEETING OF JANUARY 10, 2023

TO: Mayor Jordan and City Council
THRU:
FROM: Kit Williams, City Attorney
DATE: December 28, 2022
SUBJECT: **Amend Rules of Order and Procedure:**

RECOMMENDATION:
For City Council decision.

considered, Government Channel announcements and presentation, and agenda copies available at City Council meetings.

7. Presentation of Agenda Items at City Council Meetings

a. Agenda Items not Included Within the Tentative Agenda Packet.

(1) Staff Agenda Items. If the City staff requests to “walk-on” an agenda item for the City Council Agenda during the City Council Agenda Session, the memo from the City staff shall begin with a clear and compelling reason why this proposed agenda item could not have been included within the Tentative Agenda and cannot wait for City Council consideration at a later City Council meeting. Any member of the City Council including the Mayor can then place this item on the Final Agenda.

(2) Council Member Agenda Items. Council Members should also strive to include any agenda item a Council Member wishes the City Council to consider within the Tentative Agenda. If that is not possible, the Council Member should explain during the Agenda Session why the proposed agenda item should be included in the Final Agenda rather than postponed to the next meeting. Any member of the City Council including the Mayor can then place this item on the Final Agenda.”

b. Agenda Additions. A new item which is requested to be added to the agenda at a City Council meeting should only be considered if it requires immediate City Council consideration and if the normal agenda setting process is not practical. The City Council may only place such new item on the City Council meeting’s agenda by suspending the rules by two-thirds vote. Such agenda addition shall be heard prior to the Consent Agenda.

c. Consent Agenda. Consent Agenda items shall be read by the Mayor and voted upon as a group without discussion by the City Council. If a Council Member wishes to comment upon or discuss a Consent Agenda item that item shall be removed and considered immediately after the Consent Agenda has been voted upon.

Insert new language here

d. Unfinished Business and New Business.

(1) Overview Period. Agenda items at a City Council meeting shall be introduced by the Mayor and, if an ordinance, read by the City Attorney. City staff shall then present a report. An agenda applicant (city contractor, rezoning or development applicant, etc.) may present its proposal only during this presentation period, but may be recalled by a Council Member later to answer questions. City staff, Council Members and applicants may use electronic visual aids in the City Council meeting as part of the presentation of the agenda item. City staff’s presentation and an Applicant’s presentation whether presented by one or more than one presenter shall each be limited to a maximum of ten (10) minutes unless the City Council by unanimous consent or majority vote allows additional time.

RE: Amendment to the *Rules of Order of the City Council*

Council Member Teresa Turk requests a very minor change to your *Rules of Order and Procedure* to ensure that the person appealing an adverse final decision of the Planning Commission or City Staff shall be treated as an "agenda applicant" who must present its proposal first and has ten minutes for such presentation. Although the appellant most often will be a Council Member, that Council Member may yield the Member's time to a citizen for the ten minute presentation.

Nonfinal decisions by the Planning Commission such as recommendations for rezoning, vacations, etc. which automatically come to the City Council for final decision are not appealable, so the original applicant is the only possible "agenda applicant." Anyone opposing such rezoning or vacation may continue to express their concerns to the City Council, but none would be the "agenda applicant" who must speak first and is given ten minutes instead of the normal five minutes for public comment.

Attached is the current Rule showing where the "appellant of the final decision of the Planning Commission or City Staff" will be inserted.

Subject: Addition to current rules and procedures

Hi Kit,
Could you please draft a resolution to the council's rules and procedures regarding identifying the applicant when there is an appeal. Under our current rules, if a person is identified as the applicant, they have 10 minutes to provide information to the Council. In several instances this year, a decision by the Planning Commission was appealed by citizens, not a developer. Our current rules are silent on who is the applicant. I would like to clarify that whoever authors the appeal of a decision by the Planning Commission or commissions that they are considered the applicant and are therefore afforded 10 minutes time to discuss their appeal.

Thank you very much for your work on this and please let me know if you have any questions.

PART 3 PROJECT INFORMATION continued

Is anyone with control over the Organization (i.e. owner, manager, director, board member, or other) or any member of that person's immediate family, an employee or elected official of the City of Fayetteville	☐ Yes ☒ No
If Yes, above, please identify person and position with the City	N/A
Project Summary (brief synopsis of proposed project)	Upskill NWA will train and place members of lower-income households into higher wage, high demand occupations (initially focusing on healthcare) in order to increase their economic fortunes while addressing the current and future labor shortages of the region's most vital sectors. Graduates placed with a partner employer will have either their annual household income increase to 80% AMI (approximately \$60,000 for a household of four) or more or their annual individual income will increase by at least \$15,000 and will commit to a least two years of service.
Describe previous experience in providing similar services	Excellerate has not provided these services previously, but it is replicating an upskilling model that has been used in several locations in Texas, Arizona, and Iowa and that has been successful for decades. The former COO of one of these organizations is a key consultant, and the other organizations themselves have devoted many, many hours and materials to ensure Upskill NWA is just as successful as they have been.
Programs will typically be funded for a time period not to exceed 12 months from the signed date of the subrecipient agreement. Please describe your organization's ability to plan and utilized requested funds within that timeframe.	Excellerate has already enacted a five year plan with other city and county governments in the region, who are confident in our abilities. This request to the City of Fayetteville also comprises a five year commitment, though any distribution schedule that the City feels is prudent (such as annually) would work for planning purposes. All funding requests will be expensed and reimbursed before December 31, 2026 per ARPA regulations.

PART 4 PROJECT BENEFICIARIES

Projected number of
Fayetteville beneficiaries

150 (appx. 30/year, though distribution might change)

Because the federal rules vary depending on the type of project for which funds are being requested, the city has grouped project requests in 3 focus categories: Social Services, Economic, and Environmental. Please choose the corresponding category below that most closely identifies your project.

PART 4A SOCIAL SERVICES APPLICATIONS ONLY

Will **ALL** beneficiaries live, work and/or go to school in Fayetteville

☐ Yes

☐ No

Will **ALL** beneficiaries meet US Treasury Low to Moderate Income (LMI) Guidelines (please see Application Guide, Exhibit A).

☐ Yes

☐ No

Will **ALL** beneficiaries have been negatively impacted by COVID-19

☐ Yes

☐ No

Does this request respond to a **negative COVID-19 impact**?

☐ Yes

☐ No

If answering Yes to the **question above**, please describe the COVID-19 impact and how this proposal will aid in responding to the impact

N/A

Please indicate how the proposed project meets eligibility standards and requirements described in the [Department of Treasury's Final Rule for Coronavirus State and Local Fiscal Recovery Funds](#)

N/A

American Rescue Plan Act

PART 4B ENVIRONMENTAL APPLICATIONS ONLY

Please describe the effect of the proposed environmental impact or benefit. Please indicate how the proposed project meets eligibility standards under the EPA's Clean Water State Revolving Fund ([CWSRF](#)), Drinking Water State Revolving Fund ([DWSRF](#)), or eligible projects as described in [Department of Treasury's Final Rule for Coronavirus State and Local Fiscal Recovery Funds](#). See Subrecipient Application Guide for more information.

N/A

PART 4C ECONOMIC APPLICATIONS ONLY

Please describe the residents or industry sector this grant request is intended to serve or benefit. Please indicate how the proposed project meets eligibility standards and requirements described in the [Department of Treasury's Final Rule for Coronavirus State and Local Fiscal Recovery Funds](#).

The initial focus will be in paramedical professions, though other high demand industries will join in the future. Pursuant to the U.S. Treasury's "Overview of the Final Rule" document (January 2022, p. 17), we are using 300% and below of the most recently published federal poverty guidelines for participant eligibility. For 2022, 100% FPL is \$13,590 for one person and \$4,720 for each additional person (<https://aspe.hhs.gov/topics/poverty-economic-mobility/poverty-guidelines>). Therefore, our eligibility maximum is \$40,770 for one

Does this request respond to a negative COVID-19 impact

☒ Yes

☐ No

If yes, please describe the COVID-19 impact and how this proposal will aid in the City's economic recovery

Lower-income families have borne much of the economic brunt of COVID-19, including job loss, layoffs, reduced hours, lost income due to illness, and unexpected medical expenses for uninsured or underinsured family members. Additionally, the CEOs of the major health systems in our region have unanimously said that the pandemic took a huge, existing workforce gap in the paramedical professions and made it worse. Upskill NWA will create a new workforce pipeline to fill this gap with local residents who need financial security, addressing both issues at once.

PART 5 FAYETTEVILLE BUSINESS LICENSE

City Code Chapter 118 Business Registry and Licenses delineates what businesses are required to have a Fayetteville Business License. Submission of this grant application indicates that, if required, a current business license is in place.

PART 6 SIGNATURE OF SIGNATURE AUTHORITY AND DATE

I am an authorized employee/agent of the applicant organization and I am authorized to submit this application.

I have read and reviewed the American Rescue Plan Act documentation. I understand that as a subrecipient of the City of Fayetteville's American Rescue Plan Act funds, I will be responsible for maintaining records, complying with provisions of the subrecipient agreement, and providing any/all records and information necessary for the City of Fayetteville to report on this award.

All applications and documentation are subject to disclosure pursuant to the Arkansas Freedom of Information Act. All documentation may be provided to Federal and/or State government agencies for accounting and auditing purposes.

PART 7 ORGANIZATION DESCRIPTION Provide a brief description of your organization and the services offered.	
Year of Incorporation	1998
Philosophy, Purpose and/or Mission Statement	MISSION: We drive systemic change in Northwest Arkansas so that everyone can thrive. VISION: An equitable Northwest Arkansas where our differences are sought out and celebrated and we all fully benefit from our region's prosperity. VALUES: Equity, Collaboration, Innovation, Integrity, Accountability, Stewardship.

Provide a brief description of your organization including information about programs and/or services other than the proposed project.

Excellerate Foundation has been working to make Northwest Arkansas a better place for all its residents for nearly 25 years. It has invested more than \$115M in Benton, Washington, and Madison County in that time and is bringing its financial and organizational resources to bear to ensure the success of Upskill NWA.

Excellerate identifies and addresses the major challenges facing the region. It connects diverse organizations to each other so that they can achieve more together than they could alone. And it connects people in our community to the resources they need.

Excellerate invests in the forward-looking ideas and tangible solutions of our ever inventive and resourceful community. We also step forward to drive lasting change when we see untapped opportunities through our data-driven insights. We operate at the systems level, standing side by side with the businesses, municipalities, and institutions that shape our region, developing a shared vision and a common will to ensure that all may fully benefit from the prosperity of Northwest Arkansas.

Many organizations collect and utilize data, but they are often at the mercy of data systems that are fragmented and siloed. This has led to numerous local initiatives being built on only portions of the story. Excellerate leverages data generated by itself and others that allows it to see and draw insights from a more complete picture.

PART 7 ORGANIZATION DESCRIPTION continued

It does so by aggregating federal data, such as the Census, all the way down to the data its Hark division collects from individuals in our region and then cross-referencing it with the anecdotal information that we hear from the community. We also believe that data should benefit everyone, so our insights belong to the community, as well.

Excellerate's three strategic pillars of Social Support, Housing, and Education are its guide to the work it chooses. Within each are initiatives designed to serve our target population: the employed who are at high risk of instability, also known as ALICE (Asset Limited, Income Constrained, Employed). More than 70,000 households fall into this category in Northwest Arkansas, and these people are the underpinning of our community. They work in our hospitals, they process our food and prepare our meals, they help us shop, they care for and educate our children, and they keep us safe. And, all the while, they struggle to care for their own families from day to day.

This is why, while Excellerate strives for all people in Northwest Arkansas to thrive, its focus is on the ALICE population.

PART 8 PROJECT BUDGET Provide a descriptive line-item budget for the entire project including the American Rescue Plan Act (ARPA) funds being requested. **Provide specific information on how American Rescue Plan Act funds will be used and include any necessary supporting documentation. Please indicate whether any American Rescue Plan Act funds have been requested or received from other sources, and if so, provide detailed information on the source and proposed use of those funds.** Please indicate how you will spend all awarded ARPA funding by the project end date.

TOTAL PROGRAM BUDGET (FIVE YEARS): \$12,808,958

Administrative Costs: \$2,817,971 across five years

These comprise Upskill NWA staff payroll, marketing, and office operations. Please note that no Fayetteville FRF dollars will be used towards administration costs.

Year 1: \$425,246 Year 2: \$532,825 Year 3: \$585,110 Year 4: \$637,395 Year 5: \$637,395

Direct Educational Program Expenses: \$4,246,169 across five years

Fayetteville FRF dollars will be applied towards direct educational expenses (i.e. participants' tuition, books, school supplies, other school related fees, etc.) for Fayetteville residents ONLY.

The amount going to each participant will vary based on their individual circumstances and will be assessed during the intake process.

Year 1: \$421,169 Year 2: \$510,000 Year 3: \$765,000 Year 4: \$1,020,000 Year 5: \$1,530,000

Indirect Program Expenses ("Wraparound Support"): \$5,744,818 across five years

Fayetteville FRF dollars will be applied towards addressing the barriers that might bar participants' from attending class on a regular basis and graduating successfully for Fayetteville residents ONLY. These barriers can include transportation, child care, housing assistance, mental health resources, and so on. The amount going to each participant will vary based on their individual circumstances and will be assessed during the intake process.

Year 1: \$569,818 Year 2: \$690,000 Year 3: \$1,035,000 Year 4: \$1,380,000 Year 5: \$2,070,000

Increased costs throughout the five years is due to increased program capacity that will be brought about by the creation/expansion of partner employers' facilities, Please note that no Fayetteville FRF dollars will be used in the creation/expansion of these facilities.

All funding requests will be expensed and reimbursed before December 31, 2026 per ARPA regulations.

OTHER SOURCES OF FUNDING

Project funding has also been requested from or approved by: Excellerate Foundation, Walton Family Foundation, Alice L. Walton Foundation, City of Springdale, City of Rogers, City of Bentonville, Washington County, Benton County, State of Arkansas ARPA Committee, and the local medical systems.

PART 9 PROJECT DESCRIPTION Describe the proposed project and provide the information requested under PART 9 of the American Rescue Plan Act 2022 Subrecipient Application Guide. Please provide any additional information that will assist in evaluating the project.

Based on a proven model that has been successful in Texas for decades, Upskill NWA will provide assistance with tuition and all academic needs and fees, as well as connecting participants to or providing for additional wraparound services (e.g. rental assistance, child care, transportation, etc.) that will allow the participants to attend classes regularly. It will also provide Career Navigators that will mentor, motivate, and work with each participant to develop “life skills” (e.g. time management, teamwork, financial literacy, credit counseling) to better their chances of success.

Partner employers will place Upskill NWA graduates in the jobs they've trained for within three months of graduation. Graduates commit to taking an appropriate job offered by any of the partner employers and to stay in that position for at least two years, ensuring that the region gets the trained, skilled workforce that it so desperately needs.

The partner educational institutions are committed to working together to not only spur the capital investment needed to significantly increase the amount of medical training facilities available at multiple campuses, but also to collaborate on ways to work together more closely, leverage each other's resources, and provide as many of these training opportunities as possible to lower-income families from across the region. (Note: No Fayetteville dollars will be used on capital expenses.)

By engaging the for profit and nonprofit healthcare employers, building collaboration between educational institutions, and unifying support among philanthropic, state, and local government stakeholders, Northwest Arkansas has a unique opportunity to transform the health, wellbeing, and prosperity of its people for generations to come.

Upskill NWA strongly aligns with key focus areas of Fayetteville's New Economic Vitality and Recovery Plan, including workforce development and job-skill training for all and economic equity and inclusion for populations facing barriers to economic mobility. The training and job placement that Upskill NWA facilitates clearly meet the former, while targeting participants from lower-income families, with emphasis on women and racial minorities, meets the latter. The number of shared goals between Upskill NWA and the City of Fayetteville indicate a unity of vision and purpose that can only grow stronger through partnership.

PART 9 PROJECT DESCRIPTION continued

Application Process: Potential applicants complete an inquiry form on UpskillNWA.com. Once hitting the applicant queue, one of the Career Navigators or the Director of Services, contacts the applicant and begins the intake process (see Intake Forms). During this process, the applicant must successfully enroll at one of the partner educators to show that they are eligible to attend the school. The applicant also completes an online assessment of personal aptitude for the program, including evaluation of qualities such as perseverance, dedication, and discipline. Once applicants complete all this, they begin the interview process, in which they can ask questions and are also asked additional questions resulting from the information gathered. Those who meet the standard for the program are invited to join. Those who meet the standard but are interested in a training program that has already been filled may request to be put on the waiting list. They will be contacted as openings occur.

Income Verification: Pursuant to the U.S. Treasury's "Overview of the Final Rule" document (January 2022, p. 17), we are using 300% and below of the most recently published federal poverty guidelines for participant eligibility. For 2022, 100% FPL is \$13,590 for one person and \$4,720 for each additional person (<https://aspe.hhs.gov/topics/poverty-economic-mobility/poverty-guidelines>). Therefore, our eligibility maximum is \$40,770 for one person and \$14,160 for each additional person in the household. Verification will take place during the application process (see Intake Forms).

Long Term Solution for Beneficiaries: By providing job training *and* job placement within three months of graduation, participants in the program are put on the path to long term advancement for themselves and self-sufficiency for them and their families.

Furthering of Organizational Philosophy and Purpose: Excellerate has spent years helping to mitigate the needs of the our target population, but Upskill NWA is the first step it has taken in directly trying to move people up and out of that population. The success of Upskill NWA could be among the most systemic impacts the Foundation has ever had.

PART 10 PROJECT TIMELINE Provide a complete and specific timeline for all activities related to proposed project.

In accordance with the plan already accepted by other local city and county governments, Upskill NWA has an five year time line for its rollout, running from 2022 through 2026. This will be a cyclical process of recruiting eligible applicants, placing them in the programs they choose, and placing them in the related jobs with our partner employers. During this process, additional participants will be recruited to the program as the other participants graduate, ensuring that the workforce pipeline stays full. The timing for this process will vary depending on the length of the training, which can last from several weeks to four years based on the current roster of training programs chosen (which are based on employer need, educator capacity, and appropriate income level of the related job). The average training program will last from two to two-and-a-half years.

PART 11 DATA COLLECTION, RECORD MAINTENANCE, AND REPORTING Describe how the organization will collect data and maintain records to track program activities and eligibility verification. Please also describe your organization's ability to produce required documentation including financial reports, performance reports, progress reports, expenditure information, etc.

Upskill NWA will leverage all of the core competencies of Excellerate's Hark division, including the technology platform into which Excellerate has already invested more than \$1M. By making enhancements to existing technology rather than licensing and training in a less capable, less modifiable third-party product, Upskill NWA has been able to get up to speed in less time while being positioned to be more effective over the long term due to the ongoing ability to revise or add features as needed.

Excellerate previously launched its Hark division in 2017, which was originally intended to spin off into a separate 501(c)(3) organization before it was brought into the Foundation in 2019. It was Hark's invaluable, ground level insights into the social service needs of Northwest Arkansas that led to its merger. Hark has helped thousands of Northwest Arkansas residents connect to vital community resources and services in those moments "when life happens". Hark builds its clients detailed, customized, and confidential resource plans based on its comprehensive, constantly-updated resource map of the region. Hark then follows up to ensure that clients are able to actually connect to the resources they need. And all of Hark's services are free to the individuals and families it serves. Hark gives the project a huge boost since the social service support network that is vital for career navigators to access on behalf of participants is already in place, as opposed to having to be built over the span of years as the other Project QUEST/Capital IDEA organization have had to do.

To support these services, Hark uses its extensive data collection and management platform to track the demographics and connection rate of individual clients while also providing data to the community on the Hark website that highlights need trends. Upskill NWA will use these capabilities for demographic data collection and management, as well as case management for each participant.

Furthermore, Excellerate has had over a year of experience managing Benton County's distribution of \$35M in federal funding through the Emergency Rental Assistance program (ERA1 and ERA2). Excellerate has worked with Benton County staff directly and repeatedly to ensure all federal funds have been properly used, tracked, and reported upon. Excellerate is completely confident that it would be able to do the same for any Fiscal Recovery Funds dollars awarded for Upskill NWA by the City of Fayetteville.

PART 12 PROJECT EVALUATION | OBJECTIVES AND OUTCOMES List the objectives (not activities) of the proposed project. Describe how each objective will be measured to determine if it has been met.

Use the following format

Objective #:

Outcome(s):

Method of Measurement:

WORKFORCE EXPANSION

- **OBJECTIVE 1:** At least 75% of participants who have graduated will have been placed with a partner employer within three months of graduation, as shown by partner employer records.
- **OBJECTIVE 2:** For participants placed with a partner employer, at least 75% will have remained (or will be on track to have remained) with that employer for at least two years, as shown by partner employer records.

EDUCATIONAL SUCCESS

- **OBJECTIVE 3:** At least 60% of participants will have persisted in the program (i.e. graduate or be on track to graduate with the targeted degree or credential), as shown by partner educator records.

INCOME ADVANCEMENT

- **OBJECTIVE 4:** For participants placed with a partner employer, at least 75% will have either their annual household income increase to at least 80% AMI (approximately \$60,000) or their annual individual income will increase by at least \$15,000, as shown by partner, as shown by Upskill NWA data and partner employer records.

Furthermore, data on the progress of each graduate will be collected on an ongoing basis to track the long-term impact of the program. Based on the data collected from the health care employers and current applications to Upskill NWA, Excellerate projects that Fayetteville participants will see a \$6M increase in income alone over the first five years after graduating from the program (i.e. an 8:1 return for Fayetteville's ~\$743K investment).

PART 13 PARTIAL FUNDING Indicate whether the project can proceed with partial funding. If **YES**, indicate the minimum amount the applicant will accept with line items arranged from highest to lowest priority. Describe the impact that partial funding will have on the project. If **NO**, the project will not be considered for partial funding.

To stay consistent with the other local city and county governments that have approved 4% of their FRF funding to the project (or are in the process thereof, see Status of Funding) for the full five-year plan of Upskill NWA's rollout, Excellerate asks that the City of Fayetteville make a similar five-year commitment to the project at the full amount requested (4% of its total FRF funding). We ask that you do not consider this project for partial funding out of fairness to our other committed partners.

Is anyone with control over the Organization (i.e. owner, manager, director, board member, or other) or any member of that person's immediate family, an employee or elected official of the City of Fayetteville	☐ Yes ☒ No
If Yes, above, please identify person and position with the City	n/a
Project Summary (brief synopsis of proposed project)	Once the public health emergency ends, the state will begin a process of redeterminations for over 1 million Medicaid beneficiaries in the state. This will lead to a massive wave of improper terminations for those that rely on Medicaid for reliable access to healthcare because of the state's reliance on technology to conduct the redeterminations. The state has obligated its state agency to complete all of these redeterminations within a six month window, which will only serve to exacerbate the problem. This project provides free civil legal services to people experiencing these Medicaid cutoffs.
Describe previous experience in providing similar services	Legal Aid staff attorneys have been representing clients for over 55 years. During that time our Economic Justice workgroup has been focused on protecting rights related to public benefit programs, special education services, and employment, including the enforcement of laws outlawing discrimination and wage theft. Earlier this year our advocates argued in the 8th Circuit Court of Appeals to ensure home-and-community based services for Medicaid recipients who are elderly or have physical disabilities.
Programs will typically be funded for a time period not to exceed 12 months from the signed date of the subrecipient agreement. Please describe your organization's ability to plan and utilized requested funds within that timeframe.	Legal Aid has decades of experience in managing and monitoring state and federal grants. All grants have been managed without incident and with program goals being met or exceeded. Legal Aid's Executive Director and Fiscal Officer have combined experience of more than two decades of grant administration. We can confidently plan that funds will be expended within the 12 month time period.

PART 4 PROJECT BENEFICIARIES

Projected number of Fayetteville beneficiaries	6,150
---	-------

Because the federal rules vary depending on the type of project for which funds are being requested, the city has grouped project requests in 3 focus categories: Social Services, Economic, and Environmental. Please choose the corresponding category below that most closely identifies your project.

PART 4A SOCIAL SERVICES APPLICATIONS ONLY

Will ALL beneficiaries live, work and/or go to school in Fayetteville	☒ Yes ☐ No
Will ALL beneficiaries meet US Treasury Low to Moderate Income (LMI) Guidelines (please see Application Guide, Exhibit A).	☒ Yes ☐ No
Will ALL beneficiaries have been negatively impacted by COVID-19	☒ Yes ☐ No
Does this request respond to a negative COVID-19 impact ?	☒ Yes ☐ No
If answering Yes to the question above , please describe the COVID-19 impact and how this proposal will aid in responding to the impact	Due to the federal public health emergency (PHE), adverse Medicaid decisions have been put on hold. Once the PHE begins to unwind, these adverse decisions will start again as the state will be required to redetermine all 1 million Medicaid beneficiaries eligibility. Please see the continued response in attached documents.
Please indicate how the proposed project meets eligibility standards and requirements described in the U.S. Department of the Treasury's Final Rule for Coronavirus State and Local Fiscal Recovery Funds	Legal Aid of Arkansas is a 501(c)(3) organization who has experienced negative economic impacts resulting from the recent COVID-19 pandemic. Legal Aid has experienced increased costs due to an increased demand of services, and challenges covering payroll, rent and other operating costs due to decreased federal funding available for legal service organizations.

PART 4B ENVIRONMENTAL APPLICATIONS ONLY

Please describe the effect of the proposed environmental impact or benefit. Please indicate how the proposed project meets eligibility standards under the EPA's Clean Water State Revolving Fund ([CWSRF](#)), Drinking Water State Revolving Fund ([DWSRF](#)), or eligible projects as described in the [U.S. Department of the Treasury's Final Rule for Coronavirus State and Local Fiscal Recovery Funds](#). PART 7 ORGANIZATION DESCRIPTION Provide a brief description of your organization and the services offered.	
Year of Incorporation	1967
Philosophy, Purpose and/or Mission Statement	The mission of Legal Aid of Arkansas is to champion equal justice for low-income individuals and communities and to remedy the conditions that burden and marginalize them.

Provide a brief description of your organization including information about programs and/or services other than the proposed project.

Poverty is perhaps the single most defining factor in an individual's life experience and opportunities. Poverty is the best indicator of whether a person will have good health, live in a safe environment, obtain a good education, and attain employment opportunities. Poverty is often perpetuated by unresolved social and economic problems: domestic violence; substandard housing; improper denial of needed income, nutritional, or health benefits; consumer debt; and lack of access to proper education. These problems often have legal solutions, and access to the justice system can provide many individuals and their families a path out of poverty and toward stability and self-sufficiency.

For fifty-five years, Legal Aid of Arkansas has championed equal justice for low-income individuals and communities and worked to remedy the conditions that burden and marginalize them. We carry out this mission by providing civil legal services to low-income Arkansans in 31 counties in North Arkansas, with expanded services statewide through Medical-Legal Partnerships, Beyond Opioids Project, Low-Income Taxpayers Clinic, and Fair Housing Initiatives.

Legal Aid employs approximately 45 staff members including 22 licensed attorneys and has a dedicated board of directors comprised of representatives from the client community, leaders from the justice community, law schools, and major law firms. Legal Aid groups its staff into four workgroups, each of which focuses on one substantive area of law: Protection from Domestic Violence, Consumer Protection, Housing, and Economic Justice.

PART 7 ORGANIZATION DESCRIPTION continued

Legal Aid has successfully built and conducted large-scale outreach and litigation programs. One of the most successful of these programs is Legal Aid's network of medical-legal partnerships (MLPs). To combat the fact that low-income Arkansas residents experience some of the poorest health outcomes in the nation, Legal Aid established a MLP program at Arkansas Children's Hospital(ACH) in Little Rock. Over the past year, Legal Aid has screened hundreds of patients for legal issues and provided representation to approximately 146 individuals. Our most recent justice project is the Beyond Opioids project, established in 2020. Beyond Opioids provides free civil legal services to eligible clients impacted by the opioid crisis and other substance use disorders in Arkansas. Beyond Opioids is a consortium of prevention, treatment, and recovery service providers led by the two legal aid programs in Arkansas: Center for Arkansas Legal Services and Legal Aid. In 2021, the Beyond Opioids project assisted 1,007 clients impacted by Opioid/Substance use disorder. Another extremely successful program is our Low Income Taxpayer Clinic, established in 2007. The Low Income Taxpayer Clinic ensures the fairness and integrity of the tax system for taxpayers who are low income or speak English as a second language. They provide representation, resources and education on rights, and they actively advocate and identify issues that may be unjustly facing low-income Arkansans within the IRS tax system. Another large-scale project is the Fair Housing Project which works to eliminate housing discrimination and to ensure equal housing opportunity for all people through education, outreach, public policy initiatives, advocacy, and enforcement.

In addition to our walk in office hours, helpline calls and online intakes, Legal Aid's attorney's staff help desks at county courthouses, libraries, and shelters, where they come into contact with hundreds of Arkansans. One example is a help desk at the Washington County Courthouse, where rotating Legal Aid staff spend half of a day each Friday. Over the past year, we have assisted over 400 consumers with legal information, education, and materials at this location. In 2021, across all 31 counties Legal Aid helped 7,427 people, reaching 18,850 household members. Legal aid is critical to providing access to the justice system for thousands of Arkansans who are unable to afford a private attorney. Legal aid intervention can help keep a family intact and in their home, help an individual remain employed or in school and improve health outcomes. These services help meet basic needs like food, shelter, and safety. Legal Aid helps individuals in crisis, address systemic inequities, and revitalizes our communities.

PART 8 PROJECT BUDGET Provide a descriptive line-item budget for the entire project including the American Rescue Plan Act (ARPA) funds being requested. **Provide specific information on how American Rescue Plan Act funds will be used and include any necessary supporting documentation. Please indicate whether any American Rescue Plan Act funds have been requested or received from other sources, and if so, provide detailed information on the source and proposed use of those funds.** Please indicate how you will spend all awarded ARPA funding by the project end date.

Please see this document in attached documents.

PART 9 PROJECT DESCRIPTION Describe the proposed project and provide the information requested under PART 9 of the American Rescue Plan Act 2022 Subrecipient Application Guide. Please provide any additional information that will assist in evaluating the project.

It is said that as many as 16 million low-income Americans, including millions of children, are likely to fall off Medicaid when the public health emergency ends. In Fayetteville alone there are around 6,000 low-income individuals on Medicaid who could be impacted. This means that vulnerable people who survived the pandemic will risk suddenly living without health coverage, many of whom will be incorrectly assessed. For example, Brad Ledgerwood, a Legal Aid client with cerebral palsy started to receive notices telling him he no longer qualifies for Medicaid. Brad has been on Medicaid for more than half his life, allowing him to stay in his home with a caretaker and out of a nursing home. Brad reached out to Legal Aid and was represented by attorney Trevor Hawkins. Trevor was told the notices were due to computerized eligibility systems, which can be error-prone. Trevor was able to ensure Brad's continued Medicaid coverage and remove the anxiety of losing life sustaining health care.

The project will be divided into two activities. The first, community outreach and education, will begin as soon as the project is funded. This will consist of the creation and distribution of public education materials; utilization of social media for posts and live streams to educate public on the redetermination process; and how best to avoid the pitfalls that most often occur as well as appeal rights should they be improperly terminated. Legal Aid will attend or host public education events, when possible, to share information directly to the community.

The second part of the project will begin as soon as the unwinding of the public health emergency begins, likely July or August. Applicants will call our helpline to initiate the intake process. During the intake process, all potential clients are asked a series of questions that determine their income eligibility is at or below the US Treasury LMI thresholds. There, Medicaid beneficiaries living in the Fayetteville area will be identified and prioritized for direct services. Project attorneys will interview and conduct an investigation for each applicant to verify they have a valid claim for Medicaid prior to accepting for extended representation. Upon acceptance for extended representation, the Legal Aid attorney will utilize various advocacy tools available, including contacting the state agency directly, representing the client at administrative appeals, and possibly filing appeals if administrative decisions are adverse to the client. Appeals will be considered where the issues raised have the possibility to address issues that impact the client community at large. Well-entrenched inequitable systems and practices create an uneven playing field for low-income and other vulnerable communities resulting in environments with less access to basic needs and opportunities, the long-term impact of providing access to health care is monumental. This project provides both immediate assistance to clients needing Medicaid service, and provides long-term solutions to clients who would otherwise be left without access to health care. This work is core to Legal Aid's mission and vision of ensuring justice for everyone and elevating the conditions that burden and marginalize low-income communities.

PART 9 PROJECT DESCRIPTION continued

PART 10 PROJECT TIMELINE Provide a complete and specific timeline for all activities related to proposed project.

Please see a table in attached documents.

PART 11 DATA COLLECTION, RECORD MAINTENANCE, AND REPORTING Describe how the organization will collect data and maintain records to track program activities and eligibility verification. Please also describe your organization's ability to produce required documentation including financial reports, performance reports, progress reports, expenditure information, etc.

Legal Aid of Arkansas uses Legal Server, a robust case management system, for time keeping and grants management, assigning unique funding codes to each grant, and having the ability to generate a wealth of reports to track grant time and activities. Anything that is billable against the grant, Legal Aid tracks and can pull that information into detailed reports. The organization uses fund accounting, Denali accounting software version 10 which is able to track actual expenditures and outlays for all funding sources through separate general ledger account codes. A Board of Directors governs Legal Aid and an active Audit/Finance committee, one member of which is an attorney who is also a CPA, provides specific financial oversight. The committee receives and reviews monthly balance sheets and year to date expense/income reports. Reports are provided to the entire Board of Directors at quarterly meetings. Legal Aid cross checks all funding through Salesforce, a database management system, as well to track actual expenditures and outlays for each grant or subgrant.

PART 12 PROJECT EVALUATION | OBJECTIVES AND OUTCOMES List the objectives (not activities) of the proposed project. Describe how each objective will be measured to determine if it has been met.

Use the following format

Objective #:

Outcome(s):

Method of Measurement:

Objective #: Reach 6,000 Fayetteville residents through education and outreach.

Outcome(s): Inform 6,000 Fayetteville residents of the redetermination process, their rights and tools available so they can advocate for themselves.

Method of Measurement: Social media analytics, event sign ups and marketing materials shared.

Objective #: Provide extended legal representation to 25 Fayetteville residents.

Outcome(s): Over 12 months, 25 Fayetteville residents will receive free civil legal representation on their Medicaid case.

Method of Measurement: Legal Server

Objective #: Provide 125 Fayetteville residents legal advice.

Outcome(s): Over 12 months, 125 Fayetteville residents will receive free legal advice on their Medicaid case.

Method of Measurement: Legal Server

We will measure number of people assisted and impacted, collecting all demographic information associated with each household. More specifically, case outcomes will be captured with various closing and outcome codes. We will capture level of service, whether a case was uncontested, contested, or settled, whether the client prevailed, lost, or obtained a mixed result, the exact nature of the result, and any immediate and longer term economic impact that is measurable as a result of Legal Aid intervention.

PART 13 PARTIAL FUNDING Indicate whether the project can proceed with partial funding. If **YES**, indicate the minimum amount the applicant will accept with line items arranged from highest to lowest priority. Describe the impact that partial funding will have on the project. If **NO**, the project will not be considered for partial funding.

Yes, the project may continue with partial funding and we would take necessary steps to make the project work with partial funding. The most important part of the project would be providing direct services to Medicaid beneficiaries to ensure Fayetteville residents have access to healthcare. This is the highest priority part of the project because it aligns with the majority of our existing work providing legal representation to low-income Arkansans. Without the funding to do outreach and education, we may not be able to reach as many in the community to inform them that they may contact us for assistance.

The lower priority part of the project, public outreach, could certainly proceed without funding for the second half of the project. This would still allow us to create resources, flyers, and conduct outreach to inform the community about the impact of the unwinding and inform them of their rights. The concern under partial funding is that this would likely generate a demand for direct services that we could not meet without additional funding.

Administrative Costs	Costs to disburse funds, coordinate project, and handle reporting. Legal Aid uses the de minimis rate for indirect costs, which is calculated at 10% of total direct cost. (2 CFR 200.68)	\$8,377.80	
Project Total Cost			\$92,155.78

We are included in a State Fiscal Recovery Funds proposal through the Arkansas Access to Justice Foundation with the Center for Arkansas Legal Services for a statewide Eviction Diversion Program. This project will represent tenants in mediation, evictions, and other housing-stability related cases. This application has been submitted and is currently pending.

In addition, we submitted an application for American Rescue Plan Act funds through Benton County for an Eviction Mitigation and Fair Housing Project. This project will help ease the housing insecurity brought about by the COVID-19 pandemic by providing direct legal representation to Benton County residents who are facing eviction or foreclosure.

Funding for Legal Aid of Arkansas, Inc., is provided in part by the Legal Services Corporation (LSC), and is restricted in certain activities in all of its legal work - including work that is supported by other funding sources. Please be advised that any contribution may not be used in any manner that is inconsistent with the Legal Services Corporation Act, 42 U.S.C. 2996 et seq. or by Public Law 104-134, which requires that notices of these restrictions be given in full to all funders or programs funded by the Legal Services Corporation.

The COVID-19 pandemic upended our world and inflicted enormous suffering on the people Legal Aid is charged to serve. Clients and staff were presented with unique challenges during the pandemic and are now facing the aftermath. Due to the federal public health emergency (PHE), adverse Medicaid decisions have been put on hold. Once the PHE begins to unwind, these adverse decisions will start again as the state will be required to redetermine all 1 million Medicaid beneficiaries' eligibility. While we do not know exactly which month this will begin, it will almost certainly take place in Summer 2022. Due to Arkansas's self-imposed deadline of six months for all determinations, these decisions will be churned out extremely quickly, and there is a danger that the state in doing so fails to follow proper procedures guaranteed by due process rights, including notice and an opportunity to respond and request continuing services prior to the cutoff of benefits. Additionally, while Legal Aid has long represented beneficiaries facing cutoffs or cutbacks to vital Medicaid services, the sheer volume of redeterminations that is expected is sure to exceed current capacity for our attorneys. For example, the Director of DHS has recently indicated that as many as 30% of beneficiaries may be removed from the Medicaid expansion rolls. This would be somewhere around 90,000 beneficiaries facing adverse actions. Thus, as a result of the ending of the PHE after over two years of pauses for COVID-19, both the need for individuals to receive our assistance and our capacity to assist those individuals (due to sheer volume of need) will be severely impacted. With additional resources, we can devote more staff time to these cases to better meet this need.

RESOLUTION/ORDINANCE		

[illegible]

MEETING OF JANUARY 10, 2023

TO: Mayor Jordan and City Council

THRU:

FROM: Paul Becker, Chief Financial Officer

DATE: December 29, 2022

SUBJECT: ADDITION OF A TEMPORARY 0.5 FULLTIME EQUIVALENT ACCOUNTING DIRECTOR POSITION:

RECOMMENDATION:

Approval of a temporary part time position (0.50 FTE) in the Finance and Internal Services department to help with the transition of the Accounting Director position when the current Accounting Director retires in 2023 and approval of a budget adjustment.

BACKGROUND:

The current Accounting Director will be retiring in March 2023. Her replacement will need time and assistance to learn and transition into the Accounting Director role, as well as assist with other complex accounting duties required by this position.

DISCUSSION:

An additional temporary part time position is being requested for the Accounting division. The implementation of the ERP system created many modifications to internal processes; therefore, the division needs to have the Accounting Director on board to transition financial statement preparation and audit interface with our external auditor.

I am requesting this temporary part time position be funded through 2023. The position would be part time (maximum 50%) for the remainder of 2023. The responsibilities of this position would encompass financial statement preparation and accounting processes, as well as problem resolution.

BUDGET/STAFF IMPACT:

This position would primarily be funded through savings in the current budget relating to a currently unfilled new position in the Accounting division and General Fund reserves. A budget adjustment is attached.
